

\$242,430,000
PUERTO RICO PUBLIC FINANCE CORPORATION
2011 Series A Bonds
(Commonwealth Appropriation Bonds)

Puerto Rico Public Finance Corporation (the "Corporation") is issuing its 2011 Series A Bonds (Commonwealth Appropriation Bonds) (the "2011 Series A Bonds") for the purpose of providing for the repurchase of a portion of its 2004 Series A Bonds (as further described herein), paying interest on the 2011 Series A Bonds through February 1, 2012 and paying costs of issuance of the 2011 Series A Bonds. The 2011 Series A Bonds will be issued under the Trust Agreement dated as of June 1, 2004 (the "Trust Agreement") by and between the Corporation and U.S. Bank Trust National Association, as trustee. The 2011 Series A Bonds are limited obligations of the Corporation payable solely from payments of principal of and interest on certain promissory notes (the "Notes") issued by certain departments, agencies, instrumentalities and public corporations of the Commonwealth of Puerto Rico (the "Authorized Debtors"). The Notes are payable solely from budgetary appropriations to be made by the Legislature of Puerto Rico pursuant to legislation adopted by the Legislature of Puerto Rico (the "Appropriation Acts"). The Appropriation Acts require the Office of Management and Budget of the Commonwealth (the "OMB") to include in the annual operating budget of the Commonwealth of Puerto Rico (the "Commonwealth" or "Puerto Rico") amounts required to pay debt service on the Notes and certain other notes of the Authorized Debtors. If these budgetary appropriations are made on a timely basis by the Legislature of Puerto Rico, payments required to be made under the Notes will at all times be sufficient to pay the principal of and interest on the 2011 Series A Bonds as they become due. The Legislature of Puerto Rico is not legally bound to appropriate funds for such payments. The 2011 Series A Bonds will have the following characteristics:

- Interest on the 2011 Series A Bonds will accrue from their date of issuance and will be payable semiannually on the first (1st) day of August and February, commencing on February 1, 2012, through the Maturity Date (as defined below).
- The 2011 Series A Bonds consist of one term bond in the principal amount of \$242,430,000 maturing on August 1, 2028 (the "Maturity Date") (price: 103.406, CUSIP 745291UU6), and will bear interest at the rate of 6.50% per annum through its Maturity Date (5.70% yield to its par optional redemption date of August 1, 2016).
- *In the opinion of Squire, Sanders & Dempsey (US) LLP, Bond Counsel, under existing law (i) assuming continuing compliance with certain covenants and the accuracy of certain representations, interest on the 2011 Series A Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations, and (ii) the 2011 Series A Bonds and the interest thereon are exempt from state, Commonwealth and local income taxation. Interest on the 2011 Series A Bonds may be subject to certain federal taxes imposed only on certain corporations, including the corporate alternative minimum tax on a portion of that interest. For a more complete discussion of the tax aspects, see "TAX MATTERS" herein.*
- The Corporation expects to deliver the 2011 Series A Bonds on or about August 18, 2011.

The 2011 Series A Bonds will not constitute an obligation of the Commonwealth or any of its political subdivisions or public instrumentalities (other than the Corporation), and neither the Commonwealth nor any of its political subdivisions or public instrumentalities (other than the Corporation) will be liable thereon. The Corporation has no taxing power.

Puerto Rico Public Finance Corporation
2011 Series A Bonds
(Commonwealth Appropriation Bonds)

INTRODUCTORY STATEMENT

This Official Statement of Puerto Rico Public Finance Corporation (the “Corporation”), a subsidiary of Government Development Bank for Puerto Rico (“Government Development Bank”), provides certain information in connection with the sale by the Corporation of its \$242,430,000 aggregate principal amount of 2011 Series A Bonds (Commonwealth Appropriation Bonds) (the “2011 Series A Bonds”).

This Official Statement incorporates by reference (i) the Commonwealth’s Financial Information and Operating Data Report, dated April 30, 2011 (the “Commonwealth Report”), (ii) the Comprehensive Annual Financial Report of the Commonwealth for the fiscal year ended June 30, 2010, prepared by the Department of the Treasury of the Commonwealth (the “Commonwealth’s Annual Financial Report”), and (iii) the Official Statement dated June 29, 2011, as supplemented on July 11, 2011, issued by the Commonwealth in connection with its aggregate \$605,105,000 Commonwealth of Puerto Rico, \$304,000,000 Series 2011 Public Improvement Bonds, \$52,190,000 Series 2011-D Public Improvement Refunding Bonds, and \$245,915,000 Series 2011-E Public Improvement Refunding Bonds (General Obligation Bonds) (collectively, the “GO OS”), all of which have been filed by the Commonwealth with the Municipal Securities Rulemaking Board (“MSRB”) through the Electronic Municipal Market Access System (“EMMA”) (<http://emma.msrb.org>).

The Commonwealth Report and the GO OS include updated important operating and financial information about the Commonwealth, including information about its economy, historical revenues and expenditures of its General Fund, the budget for fiscal year 2012, and the debt of the Commonwealth’s public sector. Purchasers of the 2011 Series A Bonds should read the Commonwealth Report, and the GO OS in their entirety.

The Commonwealth’s Annual Financial Report includes the basic financial statements of the Commonwealth as of and for the fiscal year ended June 30, 2010, together with the independent auditors’ report thereon (which report expresses an unqualified opinion and includes emphasis of matter paragraphs regarding investments held by the Commonwealth Retirement Systems which fair values have been estimated in the absence of readily determinable fair values and the Retirement Systems’ unfunded actuarial accrued liabilities and funded ratios as of June 30, 2010), dated April 27, 2011, of Deloitte & Touche LLP, certified public accountants. Deloitte & Touche LLP did not audit the financial statements of certain activities, funds, and component units separately identified in its report. Those financial statements were audited by other auditors whose reports have been furnished to Deloitte & Touche LLP, and its opinion as to the basic financial statements, insofar as it relates to the amounts included in the basic financial statements pertaining to such activities, funds and component units, is based solely on the reports of the other auditors.

Any appendix of an Official Statement or other disclosure document of the Commonwealth or of any instrumentality of the Commonwealth containing any revision to the Commonwealth Report that is filed with the MSRB through EMMA, or any new or revised Commonwealth Report or other document containing information that modifies or supersedes the information contained in the Commonwealth Report that is filed with the MSRB through EMMA, in each case after the date hereof shall be deemed to be incorporated by reference into this Official Statement and to be part of this Official Statement from the date of filing of such document. Any statement contained in the Commonwealth Report or elsewhere herein shall also be deemed to be modified or superseded to the extent that a statement contained in any such subsequently filed document modifies or supersedes such statement. Any such statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this Official Statement. Any filing with the MSRB through EMMA by the Commonwealth of a document generally containing the same information set forth in its continuing disclosure reports or financial statements, after the date hereof and prior to the termination of any offering of the 2011 Series A Bonds, shall also be deemed to be incorporated by reference into this Official Statement and to be part of this Official Statement from the date of filing of such document.

The Commonwealth has entered into a number of continuing disclosure undertakings required under Rule 15c2-12, as amended (the “Rule”), promulgated by the Securities and Exchange Commission (“SEC”) in connection with previously issued bonds. Under its existing continuing disclosure undertakings, the Commonwealth is obligated to file on or before May 1 of each year updates of its financial, operational and macroeconomic information through the end of the prior fiscal year. The Commonwealth complies with this continuing disclosure undertaking by filing updates of the Commonwealth Report and by filing the Commonwealth’s Annual Financial Report for the preceding fiscal year. During the past five years, the Commonwealth has not complied in all material respects with its obligations under such continuing disclosure undertakings. In 2011, the Commonwealth complied with its continuing disclosure undertaking relating to fiscal year 2010. For more information regarding the Commonwealth’s compliance with its continuing disclosure obligation, see “Prior Continuing Disclosure Non-Compliance” under *Continuing Disclosure Undertaking*.

The Commonwealth will provide without charge to any person to whom this Official Statement is delivered, on the written or oral request of such person, a copy of the Commonwealth Report or the Commonwealth’s Annual Financial Report. Requests should be directed to Executive Vice President, Government Development Bank for Puerto Rico, 135 West 50th Street, 22nd Floor, New York, New York 10020, telephone number (212) 333-0364, or to Vice President - General Obligations Division, Government Development Bank for Puerto Rico, P.O. No additional information on the Government Development Bank’s website is deemed to be part of or incorporated by reference in this Official Statement.

FORWARD-LOOKING STATEMENTS

This Official Statement, including information incorporated in this Official Statement by reference, contains certain “forward-looking statements” concerning the Commonwealth’s operations and financial condition. These statements are based upon a number of assumptions and estimates that are subject to significant uncertainties, many of which are beyond the control of the Commonwealth. The words “may,” “would,” “could,” “will,” “expect,” “anticipate,” “believe,” “intend,” “plan,” “estimate” and similar expressions are meant to identify these forward-looking statements. Actual results may differ materially from those expressed or implied by these forward-looking statements.

PLAN OF FINANCING

The existing holder of the Refunded Bonds desires to tender them for purchase in exchange for the 2011 Series A Bonds prior to the Mandatory Tender Date described below. The 2011 Series A Bonds are being issued under a Trust Agreement, dated as of June 1, 2004 (the “Trust Agreement”) by and between the Corporation and U.S. Bank Trust National Association, as trustee (the “Trustee”), for the purpose of (1) repurchasing a portion of the 2004 Series A Bonds (as defined below), which refunded bonds are listed below under the caption *Refunded Bonds* (all such bonds being refunded with the 2011 Series A Bonds are collectively referred to as the “Refunded Bonds”), plus accrued interest to the date of such repurchase, (2) paying interest on the 2011 Series A Bonds through February 1, 2012, and (3) paying the costs of issuing the 2011 Series A Bonds.

The Plan of Financing assumes the issuance by the Corporation of the 2011 Series A Bonds for the purpose of repurchasing the Refunded Bonds prior to their mandatory tender date of February 1, 2012 (the “Mandatory Tender Date”) in order to better manage the overall debt service requirements on the outstanding 2004 Series A Bonds, and to reduce the amount of the outstanding 2004 Series A Bonds subject to mandatory tender on the Mandatory Tender Date. On the Mandatory Tender Date, the outstanding 2004 Series A Bonds must be tendered for remarketing by the holders of such bonds. The purchase price of such 2004 Series A Bonds is equal to the principal amount thereof, plus accrued interest, if any, to the Mandatory Tender Date, and is payable as to principal solely from the proceeds of such remarketing. Any 2004 Series A Bonds not purchased on the Mandatory Tender Date will

be returned to the holders thereof, remain outstanding, and bear interest at the rate of 8% per annum until such 2004 Series A Bonds are successfully remarketed.

The Refunded Bonds will be repurchased by the Underwriter at a purchase price equal to the par amount of such Refunded Bonds plus the payment of a premium to par in the amount of \$4,149,556.40. Upon such repurchase, the Refunded Bonds will be delivered to the Trustee for cancellation and will no longer be deemed to be outstanding or entitled to the benefit of the pledge and lien established by the Trust Agreement or to payment from the budgetary appropriations described below.

The Refunded Bonds are a portion of the 2004 Series A Bonds, which along with the 2004 Series A Bonds not being repurchased through the exchange for the 2011 Series A Bonds and the Corporation's 2004 Series B Bonds (collectively, the "Surviving 2004 Bonds"), were issued under the Trust Agreement for the purpose of providing the Corporation with the funds to restructure and refund a portion of certain bonds of the Corporation outstanding in 2004 (the "Pre-2004 Bonds"). The Pre-2004 Bonds were issued for the purpose of providing the Corporation with the necessary funds to purchase from Government Development Bank several promissory notes (the "Pre-2004 Notes") issued in connection with the restructuring and refinancing of certain loans made by Government Development Bank to the Authorized Debtors pursuant to the terms of the Appropriation Acts. The Pre-2004 Bonds were issued under several different trust agreements relating to the respective Appropriation Acts. The Pre-2004 Notes were amended in 2004 to permit the execution and delivery of new notes (the "Notes") to provide for the payment of principal and interest of the 2004 Series A Bonds and 2004 Series B Bonds. The 2011 Series A Bonds, along with the Surviving 2004 Bonds, are payable on a parity basis solely from payments of principal and interest on the Notes. The Notes are payable solely from budgetary appropriations made by the Legislature of Puerto Rico pursuant to the Appropriation Acts.

The Surviving 2004 Bonds, the 2011 Series A Bonds and any additional bonds issued from time to time under the Trust Agreement are herein collectively referred to as the "Bonds." Additional Bonds may be issued under the Trust Agreement only to (i) refund any Bonds outstanding under the Trust Agreement or any other bonds payable from budgetary appropriations made under the Appropriation Acts, (ii) fund a Reserve Account, if applicable, (iii) pay capitalized interest with respect to any such additional Bonds, and (iv) pay the cost of issuance of such additional Bonds. The Corporation may not issue additional Bonds under the Trust Agreement unless the amount of principal and interest payable under the Notes, and any other promissory notes of Authorized Debtors issued in connection with such additional Bonds, are sufficient to pay the principal of and interest on all Bonds outstanding after the issuance of such additional Bonds. See "*Source of Payment and Security for the 2011 Series A Bonds - Limitation on Additional Bonds.*"

The Series 2011 Bonds are limited obligations of the Corporation payable solely from Pledged Revenues (as defined in the Trust Agreement), consisting of payments of principal of and interest on the Notes and other amounts deposited to the credit of the "Puerto Rico Public Finance Corporation Restructuring Sinking Fund" (the "Sinking Fund") established under the Trust Agreement, including the investment earnings thereon. Payments of principal and interest under the Notes will be made solely from budgetary appropriations made by the Legislature of Puerto Rico pursuant to the Appropriation Acts (such budgetary appropriations which relate to the Notes are referred to as the "Legislative Appropriations"). The Appropriation Acts require the OMB to include in the Commonwealth's operating budget submitted annually to the Legislature of Puerto Rico the amounts necessary, up to certain specified maximums in some cases, to pay the principal of and interest on the Notes and certain other notes of the Authorized Debtors as they become due. If the Legislative Appropriations are made on a timely basis each year and in the required amounts, payments of principal and interest required to be made under the Notes will at all times be sufficient to pay the principal of and interest on the 2011 Series A Bonds as they become due and payable. The Legislature of Puerto Rico is not legally bound to appropriate funds for such payments. See "*Source of Payment and Security for the 2011 Series A Bonds.*"

Descriptions of the Corporation, the Commonwealth, the 2011 Series A Bonds, the Trust Agreement, the Notes, and certain other documents are included in this Official Statement. All references herein to the Trust Agreement and other documents are qualified in their entirety by reference to each such document. Notice and effect of Redemption; Partial Redemption

Any redemption of the 2011 Series A Bonds, either in whole or in part, shall be made upon at least 30 days' notice by mail to DTC or, if the book-entry only system as described below has been discontinued, by first class mail, postage prepaid, to all registered owners in the manner and under the terms and conditions provided in the Trust Agreement. On the date designated for redemption, notice having been given as provided in the Trust Agreement and moneys for payment of the principal of and redemption premium, if any, and the interest on the 2011 Series A Bonds or portions thereof so called for redemption being held by the Trustee, interest on the 2011 Series A Bonds or portions thereof so called for redemption shall cease to accrue. Subject to certain provisions of the Trust Agreement, the 2011 Series A Bonds and portions thereof which have been duly called for redemption under the provisions of the Trust Agreement, or with respect to which irrevocable instructions to call for redemption or to pay at maturity have been given, and for which sufficient moneys or investments permitted by the Trust Agreement are held in a separate account for the payment of the principal of and redemption premium, if any, and the interest on the 2011 Series A Bonds or portions thereof to be paid or redeemed, such 2011 Series A Bonds shall not be deemed to be Outstanding under the Trust Agreement, and the registered owners thereof shall have no rights with respect thereto, except to receive payment of the principal thereof and redemption premium, if any, and the interest thereon from such separate account.

Each notice of redemption shall contain, among other things, the CUSIP identification number of the 2011 Series A Bonds (or portions thereof) being called for redemption, the redemption date and price and the address at which such 2011 Series A Bonds are to be surrendered for payment of the redemption price. Any defect in such notice or the failure to mail any such notice to DTC will not affect the validity of the proceedings for the redemption of any other 2011 Series A Bond.

If less than all the 2011 Series A Bonds of any maturity are called for redemption, the particular 2011 Series A Bonds so called for redemption shall be selected by the Trustee by such method as it deems fair and appropriate, except that so long as the book-entry only system remains in effect, in the event of any such partial redemption, DTC shall reduce the credit balances of the applicable DTC Participants with respect to the 2011 Series A Bonds and such DTC Participants shall in turn select those Beneficial Owners (as defined herein) whose ownership interests are to be extinguished by such partial redemption, each by such method as DTC or such DTC Participant, as the case may be, in its sole discretion, deems fair and appropriate.

Book-Entry Only System

The Depository Trust Company ("DTC"), New York, NY, will act as securities depository for the 2011 Series A Bonds. The 2011 Series A Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered 2011 Series A Bond certificate will be issued for each stated maturity of the 2011 Series A Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC. SO LONG AS CEDE & CO. IS THE REGISTERED OWNER OF THE BONDS, AS NOMINEE FOR DTC, REFERENCES HEREIN TO BONDHOLDERS OR OWNERS OF THE BONDS (OTHER THAN UNDER THE CAPTION "TAX MATTERS") SHALL MEAN CEDE & CO. AND SHALL NOT MEAN THE BENEFICIAL OWNERS OF THE 2011 SERIES A BONDS. If, however, the aggregate principal amount of any issue exceeds \$500 million, one certificate will be issued with respect to each \$500 million of principal amount, and an additional certificate will be issued with respect to any remaining principal amount of such issue.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over

100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has S&P's highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission ("SEC"). More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of the 2011 Series A Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the 2011 Series A Bonds on DTC's records. The ownership interest of each actual purchaser of the 2011 Series A Bonds ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the 2011 Series A Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners.

Beneficial Owners will not receive certificates representing their ownership interests in the 2011 Series A Bonds, except in the event that use of the book-entry system for the 2011 Series A Bonds is discontinued.

To facilitate subsequent transfers, the 2011 Series A Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the 2011 Series A Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the 2011 Series A Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such 2011 Series A Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of 2011 Series A Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the 2011 Series A Bonds, such as redemptions, tenders, defaults, and proposed amendments to the 2011 Series A Bonds documents. For example, Beneficial Owners of 2011 Series A Bonds may wish to ascertain that the nominee holding the 2011 Series A Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the 2011 Series A Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Corporation as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal, redemption premium, if any, and interest payments on the 2011 Series A Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Corporation or the Registrar on payable dates in accordance with their respective holdings shown on DTC's

records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in “street name,” and will be the responsibility of such Participant and not of DTC, the Registrar, or the Corporation, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, redemption premium, if any, and interest to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Corporation or the Registrar, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

The information in this section concerning DTC and DTC’s book-entry system has been obtained from sources that the Corporation believes to be reliable, but the Corporation takes no responsibility for the accuracy thereof.

The Corporation cannot and does not give any assurances that DTC, DTC Direct or Indirect Participants will distribute to the Beneficial Owners of the 2011 Series A Bonds: (i) payments of principal and interest payments (including redemption payments) with respect to the 2011 Series A Bonds; (ii) confirmation of ownership interest in the 2011 Series A Bonds; or (iii) notices sent to DTC or Cede & Co., its nominee, as the registered owner of the 2011 Series A Bonds, or that they will do so on a timely basis, or that DTC or the DTC Participants will serve and act in the manner described in this Official Statement.

The Corporation, the Trustee, and the Underwriter will have no responsibility or obligation to DTC Participants, Beneficial Owners or other nominees of such Beneficial Owners for: (i) sending transaction statements; (ii) maintaining, supervising or reviewing the accuracy of any records maintained by DTC or any DTC Participant or other nominees of such Beneficial Owners; (iii) payment or the timeliness of payment by DTC to any DTC Participant, or by any DTC Participant or other nominees of Beneficial Owners to any Beneficial Owner, of any amount due with respect to the principal of or interest on 2011 Series A Bonds; (iv) delivery or timely delivery by DTC to any DTC Participant, or by any DTC Participant or other nominees of Beneficial Owners to any Beneficial Owners, of any notice or other communication which is required or permitted under the terms of the Trust Agreement to be given to the registered owners of 2011 Series A Bonds; or (v) any consent given or any action taken by DTC or its nominee as the registered owner of the 2011 Series A Bonds.

Discontinuance of the Book-Entry Only System

DTC may discontinue providing its services as securities depository with respect to the 2011 Series A Bonds at any time by giving reasonable notice to the Corporation or the Trustee. Under such circumstances, in the event that a successor securities depository is not obtained, definitive 2011 Series A Bonds will be printed and delivered.

The Corporation, in its sole discretion and without the consent of any other person, may terminate the services of DTC as securities depository with respect to the 2011 Series A Bonds. In such event, definitive 2011 Series A Bonds will be printed and delivered.

In the event that such book-entry only system is discontinued or the Corporation terminates the services of DTC as securities depository, the following provisions will apply: (i) payments of the principal of and the interest on the 2011 Series A Bonds will be made in lawful money of the United States of America; (ii) payments of principal will be made at the principal corporate trust office of the Trustee in New York, New York; (iii) interest on the 2011 Series A Bonds will be paid by check mailed to the respective addresses of the registered owners thereof as of the fifteenth day of the month immediately preceding the interest payment date as shown on the registration books of the Corporation maintained by the Trustee; (iv) the 2011 Series A Bonds will be issued only as registered bonds without coupons in denominations of \$5,000 or any multiple thereof; and (v) the transfer of the 2011 Series A Bonds will be registrable and the 2011 Series A Bonds may be exchanged at the principal corporate trust office of the Trustee in New York, New York, upon the payment of any taxes or other governmental charges required to be paid with respect to such transfer or exchange.

SOURCE OF PAYMENT AND SECURITY FOR THE 2011 SERIES A BONDS

General

Under the Trust Agreement, the Corporation has pledged the Notes (and any other notes that may in the future be delivered to the Corporation to secure the Bonds) to the Trustee and created a first lien on the Pledged Revenues for the benefit of the holders of the Bonds, including the 2011 Series A Bonds.

The Bonds are payable solely from and are secured by the Pledged Revenues, consisting of payments of principal of and interest on the Notes required to be deposited to the credit of the Bond Service Account and Redemption Account established under the Trust Agreement, any other moneys deposited to the credit of those Accounts, including investment earnings thereon, and the moneys on deposit in the Surplus Account established under the Trust Agreement, including investment earnings thereon. See Appendix I – “Copy of the Trust Agreement.” Notwithstanding any internal allocation by the Corporation as to which Bond proceeds restructured an Authorized Debtor’s debt, the 2011 Series A Bonds, along with the Surviving 2004 Bonds and all other Bonds issued under the Trust Agreement, will be secured and payable on a *pari passu* basis from all of the Notes as issued pursuant to the Appropriation Acts.

The Bonds do not constitute an obligation of the Commonwealth or any of its political subdivisions or public instrumentalities (other than the Corporation), and neither the Commonwealth nor any of its political subdivisions or public instrumentalities (other than the Corporation) shall be liable thereon. The Corporation has no taxing power.

The Appropriation Acts and the Notes

Each of the Appropriation Acts provides that the Commonwealth, through budgetary appropriations during a number of fiscal years specified in such Appropriation Act, will pay the principal of and interest on the Notes. Some of the Appropriation Acts provide that such budgetary appropriations shall not exceed specified dollar amounts per Commonwealth fiscal year. The aggregate principal and interest installments required to be paid under the Notes is sufficient to cover the aggregate principal amount of and the aggregate annual amount of interest payable on the 2011 Series A Bonds, the Surviving 2004 Bonds, and all other bonds issued from time to time under the Trust Agreement, together with fees, expenses and other amounts payable by the Corporation or the Trustee. The Notes are a combination of the Act 164 Notes, the Act 85 Notes, the Joint Resolution 523 Notes and the Act 113 Notes described below. A brief summary of each of the Appropriation Acts follows.

Act 164 of December 17, 2001. Act 164 provides that the Commonwealth, through budgetary appropriations during a 30 fiscal year period, commencing with fiscal year 2001-2002, will pay the principal of and interest on all notes covered under Act 164 (the "Act 164 Notes"). Act 164 provides, however, that such budgetary appropriations shall not exceed \$225 million per fiscal year. The Act 164 Notes are payable solely from budgetary appropriations to be made pursuant to Act 164. Act 164 provides that (i) the Commonwealth shall honor, by means of budgetary appropriations, the payment of principal of and interest on the Act 164 Notes, (ii) OMB shall include in the operating budget of the Commonwealth submitted annually to the Legislature of Puerto Rico in each of the succeeding thirty fiscal years, commencing with fiscal year 2001-02, the amounts necessary to pay the principal of and interest on the Act 164 Notes, up to a maximum annual amount of \$225 million per fiscal year, and (iii) the budgetary appropriations made thereunder may be used only for the payment of principal of and interest on the Act 164 Notes and related costs, and are not subject to third party claims.

Act 85 of June 13, 1998. Act 85 provides that the Commonwealth, through budgetary appropriations during a 28 fiscal year period, commencing with fiscal year 1998-1999, will pay the principal of and interest on all notes covered under Act 85 (the "Act 85 Notes"). Act 85 provides that the Act 85 Notes may not exceed \$425 million in principal amount, may not bear interest at an annual rate in excess of 8% and may not have a final maturity later than August 1, 2026. The Act 85 Notes are payable solely from budgetary appropriations to be made pursuant to Act 85. Act 85 provides that (i) the Commonwealth shall honor, by means of budgetary appropriations, the payment of principal of and interest on the Act 85 Notes, (ii) OMB shall include in the operating budget of the Commonwealth submitted annually to the Legislature of Puerto Rico in each of the 28 fiscal years commencing with fiscal year 1998-1999, the amounts necessary to pay the principal of and interest on

the Act 85 Notes, and (iii) the budgetary appropriations made thereunder may be used only for the payment of principal of and interest on the Act 85 Notes and related costs, and are not subject to third party claims.

Joint Resolution 523 of August 24, 2000. Joint Resolution 523 provides that the Commonwealth, through budgetary appropriations in each fiscal year, commencing with fiscal year 2001-2002 and ending with fiscal year 2031-2032, will pay the principal of and interest on all notes covered under Joint Resolution 523 (the "Joint Resolution 523 Notes"). Joint Resolution 523 provides, however, that such budgetary appropriations shall not exceed \$34,900,000 per fiscal year. Joint Resolution 523 also provides that the Joint Resolution 523 Notes may not bear interest at an annual rate in excess of 8%. The Joint Resolution 523 Notes are payable solely from budgetary appropriations to be made pursuant to Joint Resolution 523. Joint Resolution 523 provides that (i) the Commonwealth shall include in the operating budget of the Commonwealth in each of the fiscal years commencing with fiscal year 2001-2002 and ending with fiscal year 2031-2032, the amounts necessary to pay the principal of and interest on the Joint Resolution 523 Notes, up to the maximum annual amount specified above, and (ii) the budgetary appropriations made thereunder may be used only for the payment of principal of and interest on the Joint Resolution 523 Notes and related costs, and are not subject to third party claims.

Act 113 of September 27, 1994. Act 113 provides that the Commonwealth, through budgetary appropriations made each fiscal year, commencing with fiscal year 1995-1996, will pay the principal of and interest on all notes covered under Act 113 (the "Act 113 Notes"). Act 113 provides that the Act 113 Notes may not exceed \$310 million in principal amount. The Act 113 Notes are payable solely from budgetary appropriations to be made pursuant to Act 113. Act 113 provides that (i) the Commonwealth shall honor, by means of budgetary appropriations, the payment of principal of and interest on the Act 113 Notes, (ii) OMB shall include in the operating budget of the Commonwealth submitted annually to the Legislature of Puerto Rico in each fiscal year commencing with fiscal year 1995-1996, the amounts necessary to pay the principal of and interest on the Act 113 Notes, and (iii) the budgetary appropriations made thereunder may be used only for the payment of principal of and interest on the Act 113 Notes and related costs, and are not subject to third party claims.

The funds to be provided by the Commonwealth to make the payments required under the Notes are subject to and conditioned upon the appropriation of such funds by the Legislature of Puerto Rico in the annual budget of the Commonwealth. If all annual budgetary appropriations provided by the Appropriation Acts are made in full and all payments of principal and interest due under the Notes are timely paid, such payments will be sufficient to pay the principal of and interest on the Bonds and all other bonds issued from time to time under the Trust Agreement, as the same become due and payable, together with all amounts payable under the Trust Agreement. **The failure to make annual budgetary appropriations in the amounts required would cause a shortfall in the moneys available under the Notes to pay principal and interest due on the Bonds.**

In the event the budgetary appropriations made under the Appropriation Acts are insufficient in any fiscal year to pay in full the amounts due and payable on the Notes in such fiscal year, to the extent any amounts representing the budgetary appropriations are received by the Corporation, such amounts shall be applied

first: to the payment of interest ratably, according to the amount of interest then due and payable under the Notes; and

second: to the payment of principal ratably, according to the amount of principal then due and payable under the Notes.

Special Considerations - Bonds are Limited Obligations; Legislature Not Legally Bound to appropriate; Investment of Funds

The principal of and redemption premium, if any, and interest on the Bonds will be payable solely from the Legislative Appropriations made pursuant to the Appropriation Acts and other sources described above. **The Legislature of Puerto Rico is not legally bound to appropriate sufficient amounts to timely pay the principal of and redemption premium, if any, and interest due on the Bonds. There is no assurance that sufficient funds will be appropriated or otherwise made available to make such payments on the Bonds.** For a discussion of Puerto Rico's budgetary process, see "Budgetary Process and Payment of Commonwealth Obligations" below and the Commonwealth Report.

Bondholders have no legal recourse to require the Legislature of Puerto Rico to appropriate the funds necessary to timely pay the principal of and redemption premium, if any, and interest due on the Bonds.

Neither the Corporation nor the Commonwealth has ever defaulted on the payment of principal of or interest on any of its debt.

Pending their application for the payment of principal of and interest on the Bonds on the dates required, funds on deposit in the Sinking Fund (including funds representing the Legislative Appropriations) shall be invested by the Trustee as required by the Trust Agreement. Pursuant to the Trust Agreement, such funds may be invested, among other investments, in an investment agreement with a financial institution which has a long term debt rating in one of the three highest rating categories by Moody's and Standard & Poor's (without regards to any gradations within such categories). Losses incurred in connection with such investments may result in a shortfall in the moneys available to pay principal and interest due on the Bonds. See Appendix I – “Copy of the Trust Agreement - Investment of Moneys.”

Letter of Credit

Under the Commonwealth's Constitution, if the annual budget of capital expenditures and operating expenses of the Commonwealth for a fiscal year has not been adopted by the last day of the preceding fiscal year (June 30), the budget for such preceding fiscal year is automatically renewed for the ensuing fiscal year, until a new budget for such succeeding fiscal year is approved by the Legislature of Puerto Rico and the Governor. This means that if the debt service on the Notes for any fiscal year and, therefore, the annual budgetary appropriation for such fiscal year is less than the debt service on the Notes in the immediately succeeding fiscal year, then in the case of a delay in the approval of the budget for such succeeding fiscal year, pending approval of the new budget, the budgetary appropriation that would carry over and be available to meet debt service on the Notes for such succeeding fiscal year would be insufficient to meet the debt service on the Notes, and consequently on the 2011 Series A Bonds. See “Budgetary Process and Payment of Commonwealth Obligations” below.

To cover the risk that in any year until the Maturity Date the budget is not adopted prior to June 30 and the Legislative Appropriation that automatically carries over from the prior fiscal year may be insufficient to cover fully the debt service payments on the 2011 Series A Bonds during the ensuing Bond Year, on the date of delivery of the 2011 Series A Bonds, Government Development Bank will issue an irrevocable, transferable standby letter of credit (the “Letter of Credit”) in favor of the Trustee solely for the benefit of the owners of the 2011 Series A Bonds. The Letter of Credit will be in a stated amount at any time equal to the estimated maximum increase from each fiscal year thereafter to the next fiscal year, until the Maturity Date, in the aggregate debt service on the 2011 Series A Bonds. The Letter of Credit enables the Trustee to draw up to the full stated amount thereof unless: (i) on or prior to the third Business Day immediately preceding August 1 of each fiscal year until the Maturity Date it receives written notice from the Corporation to the effect that the operating budget of the Commonwealth for such fiscal year has been adopted, or (ii) the Trustee has otherwise received funds representing the full amount of the principal and interest due with respect to the 2011 Series A Bonds for the Bond Year commencing within such fiscal year.

The Letter of Credit will expire on August 2, 2028.

The stated amount of the Letter of Credit will be reduced by the amount of any drawing thereunder. The amount of any such drawing will be reinstated upon receipt by Government Development Bank of reimbursement of the full amount due to it with respect to such drawing. Such reimbursement would occur if the Legislature of Puerto Rico subsequently appropriates the full amount required to pay debt service on the Notes. If such appropriation is not made, the Corporation would not have sufficient funds to reimburse Government Development Bank, and the amount of the drawing under the Letter of Credit would not be reinstated. In such event, holders of the 2011 Series A Bonds would no longer have the protection intended to be afforded by the Letter of Credit. The Letter of Credit is not intended to and does not cover the risk that no appropriation is made by the Legislature of Puerto Rico under any Appropriation Act for any particular fiscal year, or that an appropriation is made in an amount lower than the amount of debt service on the Notes due with respect to any fiscal year. If the budget for any fiscal year is adopted but no appropriation for the payment of the Notes is

included in such budget, or an appropriation is made in an amount lower than the amount of debt service on the Notes, the Trustee may not make a drawing under the Letter of Credit.

For information with respect to Government Development Bank, as issuer of the Letter of Credit, please see the Official Statement dated May 12, 2011, for the \$650,000,000 Government Development Bank for Puerto Rico Senior Notes, 2011 Series B (Taxable), which was filed with the MSRB thru EMMA.

The Trust Agreement permits the Corporation to substitute the Letter of Credit or any successor letter of credit for a letter of credit in the same stated amount, for a term at least as long as the remaining term of the Letter of Credit or the successor letter of credit being replaced, containing administrative provisions substantially similar to those of the Letter of Credit and reasonably acceptable to the Trustee and issued by a bank, banking association or trust company whose long-term debt obligations are rated at the time of issuance of such letter of credit in one of the three highest rating categories (without regard to any gradations within any such category) by Standard & Poor's and Moody's.

Flow of Funds

Under the Trust Agreement the Corporation agrees to cause the Secretary of Treasury to transfer to the Trustee, no later than July 15 of each fiscal year while the Bonds are Outstanding, funds representing the portion of the budgetary appropriations needed for the payment of all amounts due in respect of the Notes (including principal of and interest on the Bonds) for the immediately succeeding Bond Year (referred to herein as the "Legislative Appropriation") for deposit in the Sinking Fund as described below.

Any Legislative Appropriation (or funds received in substitution therefor or with respect to the Notes, including any moneys received pursuant to a draw under the Letter of Credit) and other funds received by the Trustee, including any Hedge Counterparty Swap Payments (other than moneys received from draws made under any Credit Facility or Liquidity Facility, other than the Letter of Credit, which moneys will be deposited in special subaccounts as provided in the Trust Agreement) for the payment of principal of and interest on the Bonds shall be deposited in the Sinking Fund in the following order:

first, to the credit of the Bond Service Account, such amount as may be required to make the total amount then to the credit of the Bond Service Account equal to the sum of (i) the amount of interest then or to become due and payable on the Bonds of each Series then Outstanding during the Bond Year commencing within the fiscal year with respect to which such Legislative Appropriation is made or such funds are received; and (ii) the amount of principal then or to become due and payable not later than July 31 of such Bond Year on the Serial Bonds of each Series then Outstanding;

second, to the credit of the Redemption Account, such amount as may be required to make the total amount then to the credit of the Redemption Account in the Bond Year commencing within the fiscal year with respect to which such Legislative Appropriation is made or such funds are received equal to the Amortization Requirement for such Bond Year for the Term Bonds of each Series then Outstanding; and

third, to the credit of the Surplus Account, any remaining amount.

Under the Trust Agreement, the Trustee is required to make a draw under the Letter of Credit on the second Business Day immediately preceding August 1 of any Bond Year unless it receives written notice from the Corporation prior to such date to the effect that a budget for the fiscal year commencing on the preceding July 1 has been adopted or it has otherwise received funds representing the full amount of principal and interest due with respect to the Bonds for such Bond Year.

No Acceleration of the Bonds

The Bonds are not subject to acceleration upon the occurrence of an event of default or otherwise.

Limitation on Additional Bonds

No additional Bonds may be issued under the Trust Agreement except (i) to refund any Bonds issued under the Trust Agreement or any other bonds of the Corporation payable from the budgetary appropriations made under the Appropriation Acts, (ii) to fund a Reserve Account, if applicable, (iii) to pay capitalized interest with respect to such additional Bonds, or (iv) to pay the costs of issuance of such additional Bonds. All such additional Bonds will be issued on a parity basis with the 2011 Series A Bonds and will be entitled to the same benefit and security under the Trust Agreement.

No additional Bonds may be issued unless the amounts of principal and interest payable under the Notes pledged to the Trustee (assuming timely payments under such Notes) after the issuance of such additional Bonds are sufficient to pay the principal of and interest on all Bonds outstanding after the issuance of such additional Bonds as the same become due, together with other amounts required to be paid by the Corporation with respect to the Bonds, any outstanding Credit or Liquidity Facility, if applicable, or under the Trust Agreement.

Budgetary Process and Payment of Commonwealth Obligations

The fiscal year of the Commonwealth begins on July 1 and ends on June 30 (references herein to a particular fiscal year are based on the year in which such fiscal year ends). The Governor is constitutionally required to submit to the Legislature of Puerto Rico an annual budget of capital improvements and operating expenses of the Commonwealth for the ensuing fiscal year. The annual budget is prepared by OMB, working with the Planning Board, the Treasury Department, Government Development Bank and other government offices and agencies. Section 7 of Article VI of the Commonwealth's Constitution provides: "The appropriations made for any fiscal year shall not exceed the total revenues, including available surplus, estimated for said fiscal year unless the imposition of taxes sufficient to cover said appropriations is provided by law."

The annual budget, which is developed utilizing elements of program budgeting and zero-base budgeting, includes an estimate of revenues and other resources for the ensuing fiscal year under (i) laws existing at the time the budget is submitted and (ii) legislative measures proposed by the Governor and submitted with the proposed budget, as well as the Governor's recommendations as to appropriations that in his or her judgment are necessary, convenient, and in conformity with the four-year investment plan prepared by the Planning Board.

The Legislature of Puerto Rico may amend the budget submitted by the Governor, but may not increase any items so as to cause a deficit without imposing taxes to cover such deficit. Upon passage by the Legislature of Puerto Rico, the budget is referred to the Governor, who may decrease or eliminate any item, but may not increase or insert any new item in the budget. The Governor may also veto the budget in its entirety and return it to the Legislature of Puerto Rico with objections. The Legislature of Puerto Rico, by a two-thirds majority in each house, may override the Governor's veto. If a budget is not adopted prior to the end of the fiscal year, the annual budget for the preceding fiscal year as originally approved by the Legislature of Puerto Rico and the Governor is automatically renewed for the ensuing fiscal year until a new budget is approved by the Legislature of Puerto Rico and the Governor. This permits the Commonwealth to continue to make payments of its operating and other expenses until a new budget is approved.

During any fiscal year in which the resources available to the Commonwealth are insufficient to cover the appropriations approved for such year, the Governor may take administrative measures necessary to balance the budget, or make recommendations to the Legislature of Puerto Rico for new taxes, or take any other necessary action to meet the estimated deficiency, or authorize borrowings under provisions of existing legislation, or take action which involves a combination of such steps. Any such proposed adjustments shall give effect to the "priority norms" established by law for the disbursement of public funds in the following order of priority: first, the payment of the interest on, and amortization requirements for, public debt (Commonwealth general obligation and guaranteed debt); second, the fulfillment of obligations arising out of legally binding contracts, court decisions on eminent domain and certain commitments to protect the name, credit and good faith of the

Commonwealth government; third, current expenditures in the areas of health, protection of persons and property, education, welfare and retirement systems; and fourth, all other purposes.

The Commonwealth's Constitution provides that the public debt of the Commonwealth will constitute a first claim on available Commonwealth revenues. Public debt of the Commonwealth includes general obligation bonds and notes of the Commonwealth to which the full faith, credit and taxing power of the Commonwealth are pledged and, according to opinions rendered by the Attorney General of the Commonwealth, also any payments required to be made by the Commonwealth under its guarantees of bonds and notes issued by its public instrumentalities. **The Bonds do not constitute public debt of the Commonwealth for purposes of the constitutional provision described above.**

For a description of the public debt of the Commonwealth and a more detailed discussion of the Commonwealth budget, see the Commonwealth Report and the GO OS.

TAX MATTERS

In the opinion of Squire, Sanders & Dempsey (US) LLP, Bond Counsel, under existing law: (i) interest on the 2011 Series A Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; and (ii) the 2011 Series A Bonds and the interest thereon are exempt from state, Commonwealth of Puerto Rico and local income taxation. Bond Counsel expresses no opinion as to any other tax consequences regarding the 2011 Series A Bonds.

The opinion on tax matters will be based on and will assume the accuracy of certain representations and certifications, and continuing compliance with certain covenants, including those of the Corporation, contained in the transcript of proceedings and that are intended to evidence and assure the foregoing, including that the 2011 Series A Bonds are and will remain obligations the interest on which is excluded from gross income for federal income tax purposes. Bond Counsel will not independently verify the accuracy of these representations and certifications, including those of the Corporation.

The opinion of Bond Counsel is based on current legal authority and covers certain matters not directly addressed by such authority. It represents Bond Counsel's legal judgment as to exclusion of interest on the 2011 Series A Bonds from gross income for federal income tax purposes but is not a guaranty of that conclusion. The opinion is not binding on the Internal Revenue Service ("IRS") or any court. Bond Counsel expresses no opinion about (i) the effect of future changes in the Code and the applicable regulations under the Code or (ii) the interpretation and the enforcement of the Code or those regulations by the IRS.

The Code prescribes a number of qualifications and conditions for the interest on state and local government obligations to be and to remain excluded from gross income for federal income tax purposes, some of which require future or continued compliance after issuance of the obligations. Noncompliance with these requirements may cause loss of such status and result in the interest on the 2011 Series A Bonds being included in gross income for federal income tax purposes retroactively to the date of issuance of the 2011 Series A Bonds. The Corporation, among others, has covenanted to take the actions required of it for the interest on the 2011 Series A Bonds to be and to remain excluded from gross income for federal income tax purposes, and not to take any actions that would adversely affect that exclusion. After the date of issuance of the 2011 Series A Bonds, Bond Counsel will not undertake to determine (or to so inform any person) whether any actions taken or not taken, or any events occurring or not occurring, or any other matters coming to Bond Counsel's attention, may adversely affect the exclusion from gross income for federal income tax purposes of interest on the 2011 Series A Bonds or the market value of the 2011 Series A Bonds.

A portion of the interest on the 2011 Series A Bonds earned by certain corporations may be subject to a federal corporate alternative minimum tax. In addition, interest on the 2011 Series A Bonds may be subject to a federal branch profits tax imposed on certain foreign corporations doing business in the United States and to a federal tax imposed on excess net passive income of certain S corporations. Under the Code, the exclusion of interest from gross income for federal income tax purposes may have certain adverse federal income tax

consequences on items of income, deduction or credit for certain taxpayers, including financial institutions, certain insurance companies, recipients of Social Security and Railroad Retirement benefits, those that are deemed to incur or continue indebtedness to acquire or carry tax-exempt obligations, and individuals otherwise eligible for the earned income tax credit. The applicability and extent of these and other tax consequences will depend upon the particular tax status or other tax items of the owner of the 2011 Series A Bonds. Bond Counsel will express no opinion regarding those consequences.

Payments of interest on tax-exempt obligations, including the 2011 Series A Bonds, are generally subject to IRS Form 1099-INT information reporting requirements. If a 2011 Series A Bond owner is subject to backup withholding under those requirements, then payments of interest will also be subject to backup withholding. Those requirements do not affect the exclusion of such interest from gross income for federal income tax purposes.

Legislation affecting tax-exempt obligations is regularly considered by the United States Congress and may also be considered by the state legislatures. Court proceedings may also be filed the outcome of which could modify the tax treatment of obligations such as the 2011 Series A Bonds. There can be no assurance that legislation enacted or proposed, or actions by a court, after the date of issuance of the 2011 Series A Bonds will not have an adverse effect on the tax status of interest on the 2011 Series A Bonds or the market value of the 2011 Series A Bonds.

Prospective purchasers of the 2011 Series A Bonds should consult their own tax advisors regarding pending or proposed federal and state tax legislation and court proceedings, and prospective purchasers of the 2011 Series A Bonds at other than their original issuance at the respective prices indicated on the inside cover of this Official Statement should also consult their own tax advisors regarding other tax considerations such as the consequences of market discount, as to all of which Bond Counsel expresses no opinion.

Bond Counsel's engagement with respect to the 2011 Series A Bonds ends with the issuance of the 2011 Series A Bonds, and, unless separately engaged, Bond Counsel is not obligated to defend the Corporation or the owners of the 2011 Series A Bonds regarding the tax status of interest thereon in the event of an audit examination by the IRS. The IRS has a program to audit tax-exempt obligations to determine whether the interest thereon is includible in gross income for federal income tax purposes. If the IRS does audit the 2011 Series A Bonds, under current IRS procedures, the IRS will treat the Corporation as the taxpayer and the beneficial owners of the 2011 Series A Bonds will have only limited rights, if any, to obtain and participate in judicial review of such audit. Any action of the IRS, including but not limited to selection of the 2011 Series A Bonds for audit, or the course or result of such audit, or an audit of other obligations presenting similar tax issues, may affect the market value of the 2011 Series A Bonds.

Original Issue Discount and Original Issue Premium

The determination of whether the 2011 Series A Bonds will be treated as issued with a discount or a premium for federal income tax purposes is not clear and will depend, in part, on whether the 2011 Series A Bonds are treated as issued for cash or whether the 2011 Series A Bonds are treated as issued in exchange for the 2004 Series A Bonds. If the 2011 Series A Bonds are treated as issued in exchange for the 2004 Series A Bonds, the exchange may be treated as a "recapitalization" within the meaning of Section 368(a)(1)(E) of the Code ("Recapitalization"). Owners of the 2011 Series A Bonds should consult their own tax advisors with respect to this issue.

Treatment if the Issuance of the 2011 Series A Bonds Constitutes a Recapitalization

If the issuance of the 2011 Series A Bonds constitutes a Recapitalization, an owner's basis in the 2011 Series A Bonds will generally equal the owner's basis in the 2004 Series A Bonds (plus any cash paid by such owner). (In the event the principal amount of the 2011 Series A Bonds received is different than the principal amount of the 2004 Series A Bonds, these consequences may differ and an owner should consult its own tax advisor.) If the basis of the 2011 Series A Bonds exceeds the principal amount of the 2011 Series A Bonds, such excess constitutes amortizable bond premium, the tax consequences of which are set forth below under "Original Issue Premium."

If the issuance of the 2011 Series A Bonds constitutes a Recapitalization, the "issue price" of the 2011 Series A Bonds (for purposes of determining whether the 2011 Series A Bonds will be treated as issued with original issue discount ("OID")) will be governed by Section 1273 of the Code and will depend, in part, on whether either the 2004 Series A Bonds or the 2011 Series A Bonds are treated as "part of an issue a portion of which is traded on an established securities market" within the meaning of Section 1273 of the Code. Owners of the 2011 Series A Bonds should consult their own tax advisors on this issue. In the event that the stated redemption price of the 2011 Series A Bonds exceeds the issue price of the 2011 Series A Bonds (or, in certain cases, an owner's tax basis in the 2011 Series A Bonds), such excess will constitute OID and will be treated in the manner set forth below under "Original Issue Discount."

Treatment if the Issuance of the 2011 Series A Bonds Constitutes an Exchange of the 2004 Series A Bonds for the 2011 Series A Bonds But Does Not Constitute a Recapitalization

If the issuance of the 2011 Series A Bonds constitutes an exchange of the 2004 Series A Bonds for the 2011 Series A Bonds but does not constitute a Recapitalization, it appears that an owner's basis will be determined as described under the caption Tax Matters – Receipt of 2011 Series A Bonds below. If the basis of the 2011 Series A Bonds exceeds the principal amount of the 2011 Series A Bonds, such excess constitutes bond premium and will be taxed in the manner set forth below under "Original Issue Premium."

If the issuance of the 2011 Series A Bonds constitutes an exchange of the 2004 Series A Bonds for the 2011 Series A Bonds but does not constitute a Recapitalization, the "issue price" of the 2011 Series A Bonds (for purposes of determining whether the 2011 Series A Bonds will be treated as issued with OID) will be governed by Section 1273 of the Code and will depend, in part, on whether either the 2004 Series A Bonds or the 2011 Series A Bonds are treated as "part of an issue a portion of which is traded on an established securities market" within the meaning of Section 1273 of the Code. Owners of the 2011 Series A Bonds should consult their own tax advisors on this issue. In the event that the stated redemption price of the 2011 Series A Bonds exceeds the issue price of the 2011 Series A Bonds (or, in certain cases, an owner's tax basis in the 2011 Series A Bonds), such excess will constitute OID and will be treated in the manner set forth below under "Original Issue Discount."

Treatment if the Issuance of the 2011 Series A Bonds Does Not Constitute an Exchange of the 2004 Series A Bonds for the 2011 Series A Bonds

If the issuance of the 2011 Series A Bonds does not constitute an exchange of the 2004 Series A Bonds for the 2011 Series A Bonds, it appears that an owner's basis will be determined as described below under "Receipt of 2011 Series A Bonds." If the basis of the 2011 Series A Bonds exceeds the principal amount of the 2011 Series A Bonds, such excess constitutes bond premium and will be taxed in the manner set forth below under "Original Issue Premium."

If the issuance of the 2011 Series A Bonds does not constitute an exchange of the 2004 Series A Bonds for the 2011 Series A Bonds, the "issue price" of the 2011 Series A Bonds (for purposes of determining whether the 2011 Series A Bonds will be treated as issued with OID) will be governed by Section 1273 of the Code and will equal the deemed purchase price paid for the 2011 Series A Bonds. In the event that the stated redemption price of the 2011 Series A Bonds exceeds the issue price of the 2011 Series A Bonds, such excess will constitute OID and will be treated in the manner set forth below under "Original Issue Discount."

Original Issue Discount

As noted above, it is possible that the 2011 Series A Bonds will be treated as issued with OID. Such Bonds are referred to herein as “Discount Bonds.” For federal income tax purposes, OID accrues to the owner of a Discount Bond over the period to maturity based on the constant yield method, compounded semiannually (or over a shorter permitted compounding interval selected by the owner). The portion of OID that accrues during the period of ownership of a Discount Bond (i) is interest excluded from the owner’s gross income for federal income tax purposes to the same extent, and subject to the same considerations discussed above, as other interest on the 2011 Series A Bonds, and (ii) is added to the owner’s tax basis for purposes of determining gain or loss on the maturity, redemption, prior sale or other disposition of that Discount Bond.

Original Issue Premium

As noted above, it is possible that the 2011 Series A Bonds will be treated as issued with bond premium. Such Bonds are referred to herein as “Premium Bonds.” For federal income tax purposes, bond premium is amortized over the period to maturity of a Premium Bond, based on the yield to maturity of that Premium Bond (or, in the case of a Premium Bond callable prior to its stated maturity, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the lowest yield on that Premium Bond), compounded semiannually. No portion of that bond premium is deductible by the owner of a Premium Bond. For purposes of determining the owner’s gain or loss on the sale, redemption (including redemption at maturity) or other disposition of a Premium Bond, the owner’s tax basis in the Premium Bond is reduced by the amount of bond premium that is amortized during the period of ownership. As a result, an owner may realize taxable gain for federal income tax purposes from the sale or other disposition of a Premium Bond for an amount equal to or less than the amount paid by the owner for that Premium Bond.

Owners of Discount Bonds and Premium Bonds should consult their own tax advisors as to the determination for federal income tax purposes of the amount of OID or bond premium properly accruable or amortizable in any period with respect to the Discount Bonds or Premium Bonds and as to other federal tax consequences and the treatment of OID and bond premium for purposes of state and local taxes on, or based on, income.

Receipt of 2011 Series A Bonds

The federal income tax consequences of the receipt of the 2011 Series A Bonds are unclear and will depend in part on whether the 2011 Series A Bonds are treated as issued for cash or whether the 2011 Series A Bonds are treated as issued in exchange for the 2004 Series A Bonds. If the 2011 Series A Bonds are treated as issued in exchange for the 2004 Series A Bonds, the exchange may be treated as a Recapitalization, in which case an owner that transfers 2004 Series A Bonds in exchange for the 2011 Series A Bonds will generally not recognize any gain or loss on the exchange to the extent provided in Section 354 of the Code. In such case, an owner’s basis in the 2011 Series A Bonds will generally equal the owner’s basis in the 2004 Series A Bonds (plus any cash paid by such owner) and the holding period for the 2011 Series A Bonds will generally include the holding period for the 2004 Series A Bonds. (In the event the principal amount of the 2011 Series A Bonds received is different than the principal amount of the 2004 Series A Bonds, these consequences may differ and an owner should consult its own tax advisor.)

If the issuance of the 2011 Series A Bonds is not treated as a Recapitalization, it appears that an owner of 2011 Series A Bonds will be treated as (i) selling the 2004 Series A Bonds in a taxable transaction, upon which gain or loss will be recognized and (ii) purchasing the 2011 Series A Bonds with the proceeds of such deemed sale, plus any additional cash paid by such owner. The amount of sale proceeds realized on the deemed sale would be equal to the value of the 2011 Series A Bonds received by such owner (less the amount of any additional cash paid by such owner). An owner of 2011 Series A Bonds should consult its own tax advisor with respect to the determination of such value. The basis of the 2011 Series A Bonds would equal the deemed purchase price of such 2011 Series A Bonds.

Because of the uncertainty of the tax consequences of surrendering the 2004 Series A Bonds and receiving the 2011 Series A Bonds, owners of the 2011 Series A Bonds are strongly advised to consult their

own tax advisors with respect to the federal income tax consequences upon their receipt of the 2011 Series A Bonds.

CONTINUING DISCLOSURE UNDERTAKING

In accordance with the requirements of Rule 15c2-12, as amended (the “Rule”), promulgated by the Securities and Exchange Commission (“SEC”), the Corporation and the Commonwealth have agreed for the benefit of the Beneficial Owners to provide or cause to provide as follows:

1. to file, within 305 days after the end of each fiscal year commencing with the fiscal year ending June 30, 2010, with the MSRB through EMMA, core financial information and operating data for the prior fiscal year, including (i) the Commonwealth’s audited financial statements, prepared in accordance with generally accepted accounting principles in effect from time to time, and (ii) material historical quantitative data (including financial information and operating data) on the Commonwealth and its revenues, expenditures, financial operations and indebtedness, in each case generally found in this Official Statement; and

 - c. unscheduled draws on debt service reserves reflecting financial difficulties;
 - d. unscheduled draws on credit enhancements reflecting financial difficulties;
 - e. substitution of credit or liquidity facility providers, or their failure to perform;
 - f. adverse tax opinions, the issuance by the IRS of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the 2011 Series A Bonds, or other material events affecting the tax status of the 2011 Series A Bonds;

 - m. bankruptcy, insolvency, receivership, or similar proceeding of the Commonwealth;
 - n. the consummation of a merger, consolidation or acquisition involving the Commonwealth or the sale of substantially all of the assets of the Commonwealth, other than in the ordinary course of business, the entry into a definitive agreement to undertake such action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; and
 - o. the appointment of a successor or additional trustee, or the change of name of a trustee, if material.

The Corporation will also file, in a timely manner, with the MSRB through EMMA, notice of a failure by the Commonwealth to provide the required financial and operating information in required under paragraph 1 on or before the specified period.

The Corporation and the Commonwealth do not undertake to provide any notice with respect to credit enhancement added after the primary offering of the 2011 Series A Bonds, unless the Commonwealth applies for or participates in obtaining the enhancement.

Event (c) is included pursuant to a letter from the SEC staff to the National Association of Bond Lawyers, dated September 19, 1995. However, event (c) may not be applicable since the terms of the 2011 Series A Bonds do not provide for "debt service reserves." In addition, with respect to the following events:

Events (d) and (e). The Corporation does not undertake to provide any notice with respect to credit enhancement added after the primary offering of the 2011 Series A Bonds, unless the Corporation applies for or participates in obtaining the enhancement.

Event (f). For information on the tax status of the 2011 Series A Bonds, see "*Tax Matters*."

Event (h). The Corporation does not undertake to provide the above-described event notice of a mandatory scheduled redemption, not otherwise contingent upon the occurrence of an event, if (i) the terms, dates and amounts of redemption are set forth in detail in this Official Statement, (ii) the only open issue is which 2011 Series A Bonds will be redeemed in the case of a partial redemption, (iii) notice of redemption is given to the Bondholders as required under the terms of the 2011 Series A Bonds, and (iv) public notice of the redemption is given pursuant to Securities Exchange Act of 1934 Release No. 34-23856 of the SEC, even if the originally scheduled amounts are reduced by prior optional redemptions or 2011 Series A Bond purchases.

The Commonwealth expects to provide the information described in paragraph 1(ii) above by filing its first bond official statement that includes such information for the preceding fiscal year or, if no such official statement is issued by the 305-day deadline, by filing its Financial Information and Operating Data Report containing the information described in paragraph 1(ii) above by such deadline.

Event (m). According to the Rule, the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for an obligated person in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the obligated person, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the obligated person.

The Commonwealth expects to provide the information described in paragraph 1 above by filing its first bond official statement that includes such information for the preceding fiscal year or, if no such official statement is issued by the 305-day deadline, by filing a separate document containing such information.

The Commonwealth may from time to time choose to provide notice of the occurrence of certain other events in addition to those listed above if, in the judgment of the Commonwealth, such other events are material with respect to the Bonds, but the Commonwealth does not undertake to provide any such notice of the occurrence of any material event except those events listed above.

The Commonwealth and the Corporation acknowledge that their undertaking pursuant to the Rule described under this heading is intended to be for the benefit of the holders of the 2011 Series A Bonds, including Beneficial Owners, and shall be enforceable by any such holders or Beneficial Owners; provided that the right to enforce the provisions of this undertaking shall be limited to a right to obtain specific enforcement of the Corporation's or the Commonwealth's obligations hereunder, and any failure by the Corporation or the Commonwealth to comply with the provisions of this undertaking shall not be an event of default with respect to the 2011 Series A Bonds under the Trust Agreement.

No bondholder or Beneficial Owner may institute any suit, action or proceeding at law or in equity ("Proceeding") for the enforcement of the foregoing covenants (the "Covenants") or for any remedy for breach

thereof, unless such bondholder or Beneficial Owner shall have filed with the Corporation and the Commonwealth written notice of any request to cure such breach, and the Corporation or the Commonwealth, as applicable, shall have refused to comply within a reasonable time. All Proceedings shall be instituted only in a Commonwealth court located in the Municipality of San Juan for the equal benefit of all bondholders or Beneficial Owners of the Outstanding 2011 Series A Bonds benefited by the Covenants, and no remedy shall be sought or granted other than specific performance of any of the Covenants at issue. Notwithstanding the foregoing, no challenge to the adequacy of the information provided in accordance with the filings mentioned above may be prosecuted by any bondholder or Beneficial Owner except in compliance with the remedial and enforcement provisions contained in the Trust Agreement. Moreover, Proceedings filed by bondholders or Beneficial Owners against the Commonwealth may be subject to the sovereign immunity provisions of Article 2 of Law No. 104 of June 29, 1955, as amended (32 L.P.R.A. Section 3077), which governs the scope of legal actions against the Commonwealth and substantially limits the amount of monetary damages that may be granted against the Commonwealth.

The Covenants may only be amended if:

- a) the amendment is made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of the Corporation or the Commonwealth, or type of business conducted; the Covenants, as amended, would have complied with the requirements of the Rule at the time of award of the 2011 Series A Bonds, after taking into account any amendments or change in circumstances; and the amendment does not materially impair the interests of bondholders or Beneficial Owners, as determined by parties unaffiliated with the Corporation or the Commonwealth; or
- b) all or any part of the Rule, as interpreted by the staff of the Securities and Exchange Commission at the date of the adoption of such Rule, ceases to be in effect for any reason, and the Corporation or the Commonwealth, as applicable, elects that the Covenants shall be deemed amended accordingly.

The Commonwealth has further agreed that the annual financial information containing any amended operating data or financial information will explain, in narrative form, the reasons for the amendment and the impact of the change in the type of operating data or financial information being provided.

Any assertion of beneficial ownership must be filed, with full documentary support, as part of the written request described above.

These Covenants have been made in order to assist the Underwriter in complying with the Rule.

Prior Continuing Disclosure Non-Compliance

The Corporation and the Commonwealth have made similar continuing disclosure undertakings in connection with prior bond issuances, and have complied with all such covenants, except as hereinafter noted.

The Commonwealth's audited financial statements for the fiscal year ended June 30, 2002 were filed after the Commonwealth's filing deadline of May 1, 2003 because of delays in finalizing such financial statements resulting from the implementation of GASB Statement No. 34 ("GASB 34"). The Commonwealth's audited financial statements for the fiscal year ended June 30, 2003 were also filed after the Commonwealth's filing deadline of April 30, 2004, because of delays in finalizing the financial statements of certain of the Commonwealth's reporting units due to the implementation of GASB 34. The Commonwealth's audited financial statements for the fiscal years ended June 30, 2004, 2006, 2007 and 2008 were also filed after the Commonwealth's respective filing deadlines of May 1, 2005, 2007, 2008 and 2009, because various governmental agencies did not submit their audited financial statements to the central government's external auditors on time, thereby delaying submission of the Commonwealth's audited financial statements. The Commonwealth's audited financial statements for the fiscal year ended June 30, 2009 were also filed after the Commonwealth's filing deadline of May 1, 2010, due to delays in the engagement and transition of new external auditors, the implementation of new government accounting pronouncements, and the restatement of the financial statements of certain discretely presented component units. The Commonwealth's audited financial statements for fiscal years ended June 30, 2004, 2006, 2007 and 2008 were filed by the end of the

first quarter of the following fiscal year, while the Commonwealth's audited financial statements for the fiscal year ended June 30, 2009 was filed on October 25, 2010.

The Commonwealth Report for the fiscal year ended June 30, 2008 containing the information described in paragraph 1(ii) above, was filed after the Commonwealth's filing deadline of May 1, 2009. Such Commonwealth Report was filed on June 1, 2009. Except for that Commonwealth Report, the Commonwealth has timely filed the Commonwealth Report for all other fiscal years.

In 2011, the Commonwealth complied with its continuing disclosure undertaking relating to fiscal year 2010. As of the date of this Official Statement, the Commonwealth is in compliance with its continuing disclosure filing requirements related to its outstanding general obligation bonds.

The Commonwealth has established new policies and procedures that it believes will ensure full and timely compliance with all continuing disclosure obligations in the future. Such new policies and procedures include: (i) the assignment of additional resources from local and international audit firms to those component units whose financial statements have not been timely provided to the Commonwealth; (ii) the assignment of dedicated external and internal resources to (a) assist the Central Accounting Division at the Treasury Department in the preparation of complex financial information that has historically delayed the audit and (b) provide periodic and consistent follow up on component unit financial statement deliverables and deadlines; (iii) the execution of a memorandum of understanding between the Treasury Department, OMB and Government Development Bank for the coordination of all financial statement related tasks and the designation of Government Development Bank, in its role as fiscal agent, to review and monitor the progress of certain component units; and (iv) the establishment of an Audit Oversight Committee comprised of the Treasury Department and Government Development Bank personnel in order to continuously monitor the status of the audit and the Commonwealth's financial statements.

SECOND: By Resolution Number Five Thousand Forty-Four (5044), adopted December twelfth (12th), nineteen hundred eighty-four (1984), as amended, of the Board of Directors of Government Development Bank, the Corporation was created as a subsidiary corporation of Government Development Bank, constituting an independent governmental instrumentality of Puerto Rico separate and apart from Government Development Bank.

THIRD: By virtue of said Resolution Number Five Thousand Forty-Four (5044), as amended, the Corporation is authorized and empowered, among other things, to

(a) purchase, hold, sell, exchange or otherwise dispose of bonds and other obligations of governmental instrumentalities for such price and on such terms as it shall determine;

(b) borrow money and contract debts for its corporate purposes upon such terms and conditions as it may from time to time determine, with or without security, dispose of its obligations evidencing such borrowing, make, execute and deliver trust indentures and other agreements with respect to any such borrowing, contracting of debt, issuance of bonds, notes, debentures or other obligations, and by the authority of the Government of Puerto Rico, issue its bonds, notes, debentures or other obligations in such form, secured in such manner, and subject to such terms of redemption with or without premium, and sell the same at public or private sale for such price or prices, all as may be determined by its Board of Directors; and

(c) make and execute agreements, contracts and other instruments necessary or desirable in the exercise of its powers and functions under said Resolution Number Five Thousand Forty-Four (5044), as amended, with any person, firm, corporation, Federal agency and with the Commonwealth and any of its political subdivisions, public agencies and other public instrumentalities.

FOURTH: By the Acts (as hereinafter defined) the Authorized Debtors (as hereinafter defined) were required to execute with Government Development Bank the agreements, promissory notes or financial contracts necessary to recognize, formalize, restructure and/or refinance (more than once if necessary) the advances, repayment commitments, obligations and/or loans of such Authorized Debtors with Government Development Bank.

FIFTH: Each of the Acts provides that the Commonwealth's Office of Management and Budget shall include in the annual budget of the Commonwealth, the amount necessary to pay principal, interest and any Additional Payments of the debt obligations of the Authorized Debtors arising from the restructuring and/or refinancing of the loans, subject to limitations contained in the respective Acts.

SECTION 203. Details of Bonds. The Bonds shall be issued in fully registered form.

The Bonds of a Series shall be payable, with respect to interest, principal and premium, if any, in any coin or currency of the United States of America which at the time of payment is legal tender for public and private debts (or other coin or currency provided for in the resolution authorizing the issuance of the particular Series). Unless otherwise provided in the resolution of the Board approving any series of bonds, interest on the bonds shall be computed on the basis of a three hundred sixty (360) day year of twelve (12) thirty (30) day months.

Capital Appreciation Bonds shall bear interest as described under the defined term Accreted Value, payable only upon redemption or maturity thereof, and Capital Appreciation and Income Bonds shall bear interest as described under the defined term Appreciated Value, payable from and after the Interest Commencement Date or upon the prior redemption thereof.

Prior to the issuance of Variable Rate Bonds, the Board shall adopt a resolution specifying, without limitation, the interest rate calculation methods and any conversion features, and any Credit Facility or any Liquidity Facility which may be drawn upon to make principal and interest payments on the Variable Rate Bonds. The Variable Rate Bonds may provide that the Holder of any such Bond may demand payment of principal and interest within a stated period after delivering notice to a designated agent for the Corporation and providing a copy of the notice with the tender of the Variable Rate Bond to such agent. The designated agent for the Corporation, in accordance with the terms of a remarketing agreement, may provide for the resale or redelivery of the Variable Rate Bonds on behalf of the Corporation at a price provided for in such agreement. If the Variable Rate Bonds shall not be resold or redelivered within a stated period, the agent for the Corporation may be authorized to draw upon a previously executed Credit Facility or Liquidity Facility for payment of interest and principal for a particular series of Variable Rate Bonds to which such Credit Facility or Liquidity Facility shall

pertain. The particular form or forms of such demand provisions, the period or periods for payment of principal and interest after delivery of notice, the appointment of the agent for the Corporation, the terms and provisions for the remarketing agreement, and the terms and provisions of the Credit Facility or Liquidity Facility shall be as designated by a resolution of the Board pertaining to the Variable Rate Bonds to which such terms and provisions are applicable prior to the issuance thereof. The Bonds shall be lettered and numbered in such manner and shall be in the denominations provided in the resolutions of the Board authorizing their issuance. In the event that interest is not punctually paid or duly provided for, such interest shall forthwith cease to be payable to the Holder shown on the registration books held by the Trustee at the close of business on the fifteenth (15th) day of the calendar month preceding such Interest Payment Date and may be paid to the person in whose name Bonds are registered at the close of business on a special record date to be fixed by the Trustee, on a special payment date designated by the Trustee, notice having been given by the Trustee to the Holders not less than ten (10) days prior to such special record date or may be paid at any time in any other lawful manner not inconsistent with the requirements of any securities exchange on which Bonds may be listed and upon such notice as may be required by such exchange, or as more fully provided for in the resolution of the Board authorizing the issuance of the Bonds. The above procedure for the payment of defaulted interest overdue may be varied in resolutions of the Board authorizing the issuance of particular Series of Bonds.

In all cases in which Bonds shall be exchanged or transferred hereunder, the Corporation shall execute and the Trustee shall authenticate and deliver at the earliest practicable time Bonds in accordance with the provisions of this Agreement. The Corporation or the Trustee may make a charge for every such exchange or registration of transfer of Bonds sufficient to reimburse it for any tax or other governmental charge required to be paid with respect to such exchange or registration of transfer, but no other charge shall be made to any Holder for exchanging or registering the transfer of Bonds. Any Bond surrendered in any such exchange or transfer shall be cancelled by the Trustee as provided in Section 304 hereof. Neither the Corporation nor the Trustee shall be required to make any such exchange or registration of transfer of any Bond during the fifteen (15) days immediately preceding the date of mailing of notice of any redemption of such Bond, or after a Bond or any portion thereof has been selected for redemption.

If any Bonds are issued for sale in any taxable market outside of the Commonwealth, the Trustee shall register such Bonds or any transfer or exchange thereof only in accordance with

any restrictions on transferability that may be set forth in the resolution of the Board providing for the issuance of such Bonds.

SECTION 206. Ownership of Bonds. As to any Bond, the person in whose name the same shall be registered shall be deemed and regarded as the absolute owner thereof for all purposes, and payment of or on account of the principal of and premium, if any, and interest on any such Bond shall be made only to the Holder thereof or his legal representative. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bond, including the premium, if any, and interest thereon, to the extent of the sum or sums so paid.

Any Holder of any Bond is hereby granted power to transfer absolute title thereto by assignment thereof to a bona fide purchaser for value (present or antecedent) without notice of prior defenses or equities or claims of ownership enforceable against his assignor or any person in the chain of title and before the maturity of such Bond. Every prior Holder of any Bond shall be deemed to have waived and renounced all of his equities or rights therein in favor of every such bona fide purchaser, and every such bona fide purchaser shall acquire absolute title thereto and to all rights represented thereby.

In addition, no refunding Bonds may be issued unless the aggregate of the stated amounts of each of the GDB Letters of Credit and Successor Letters of Credit is not less than the estimated Maximum Difference after the issuance of such refunding Bonds as certified by the President or any Executive Vice President of the Corporation.

By said resolution, the Board may appoint one or more paying agents for such Bonds in addition to the Trustee. Except as to any differences in the maturities thereof or in the rate or rates of interest (or yield or yields) or the provisions for redemption, such refunding Bonds shall be on a parity with and shall be entitled to the same benefit and security of this Agreement as all other Bonds issued under this Agreement.

All refunding Bonds issued under the provisions of this Section shall be executed in the form and manner set forth in the resolution of the Board authorizing the issuance of such Bonds and deposited with the Trustee for authentication, but before such Bonds shall be authenticated and delivered by the Trustee, there shall be filed with the Trustee the following:

 - (iv) the Corporation has the corporate power to issue such Bonds, and has duly taken all necessary corporate action with respect to such issuance; and
 - (v) all requirements of this Agreement applicable to the Corporation in respect of the execution and delivery by the Corporation of such Bonds have been complied with and assuming due authentication and delivery of such Bonds by the Trustee, no

authorization, approval or consent by any regulatory or statutory or other public authority which has not been obtained is required for the creation, issuance, authentication and delivery of such Bonds pursuant to this Agreement;

(d) such documents as shall be required by counsel of recognized standing in the field of law relating to municipal bonds to show that provision has been made in accordance with the provisions of this Agreement for the payment or redemption or combination of such payment and redemption of all the Bonds to be refunded;

The opinions required by items (c), (h) and (i) relating to the enforceability of the Bonds, the GDB Letters of Credit, any Credit Facility or Liquidity Facility and the Swap Agreement (if applicable) may be qualified by customary exceptions relating to bankruptcy and similar laws

affecting creditors' rights generally and, as to enforceability, to general principles of equity (regardless of whether such enforcement is sought in a proceeding in equity or at law).

The proceeds of the Bonds issued under the provisions of this Section shall be applied by the Trustee as provided in a resolution of the Board adopted prior to the issuance of the Bonds, which may be supplemented or changed by a certificate of the President executed on the date of issuance of the Bonds and delivered to the Trustee, if provided for in said resolution. The proceeds of the Bonds issued under the provisions of this Section 209 shall be applied by the Trustee as provided in a resolution of the Board adopted prior to the issuance of the Bonds, which may be supplemented or changed by a certificate of the President executed on the date of issuance of the Bonds and delivered to the Trustee, if provided for in said resolution.

SECTION 210. Temporary Bonds. Until definitive Bonds are ready for delivery, there may be executed, and upon request of the President of the Corporation the Trustee shall authenticate and deliver, in lieu of definitive Bonds and subject to the same limitations and conditions except as to identifying numbers, temporary printed, engraved, lithographed or typewritten Bonds in authorized denominations substantially of the tenor hereinabove recited, and with appropriate omissions, insertions and variations as may be required.

If temporary Bonds shall be issued, the Corporation shall cause the definitive Bonds to be prepared and to be executed and delivered to the Trustee, and the Trustee, upon presentation to it of any temporary Bond, shall cancel the same in the manner set forth in Section 304 hereof and authenticate and deliver in exchange therefor, at the place designated by the Holder, without expense to the Holder, a definitive Bond or Bonds of the same aggregate principal amount (maturity amount in the case of a Capital Appreciation Bond and a Capital Appreciation and Income Bond) and Series and having the same maturity and interest rate as the temporary Bond surrendered. Until so exchanged, the temporary Bonds shall in all respects be entitled to the same benefit and security of this Agreement as the definitive Bonds to be issued and authenticated hereunder.

SECTION 211. Mutilated, Destroyed, Stolen or Lost Bonds. In case any Bond secured hereby shall become mutilated or be destroyed, stolen or lost, the Corporation may execute, and thereupon the Trustee shall authenticate and deliver, a new Bond of like date, maturity and tenor in exchange and substitution for such Bond destroyed, stolen, mutilated or lost, upon the Holder's paying the reasonable expenses and charges of the Corporation and the Trustee in connection therewith. In the case of any mutilated Bond, such mutilated Bond shall first be surrendered to the Trustee and, in the case of a Bond destroyed, stolen or lost, there shall first be furnished to the Trustee evidence satisfactory to the Trustee and to the Corporation that such Bond was destroyed, stolen or lost, and there shall be furnished to the Corporation and the Trustee indemnity satisfactory to them.

In the event any such Bond shall be about to mature or have matured or have been called for redemption, instead of issuing a duplicate Bond, the Corporation may direct the Trustee to pay the same without surrender thereof. Any Bond surrendered for replacement shall be cancelled in the same manner as provided in Section 304 hereof.

Any such new Bonds issued pursuant to this Section shall constitute additional contractual obligations on the part of the Corporation, whether or not the mutilated, lost, stolen or destroyed Bonds be at any time enforceable by anyone, and shall be entitled to equal and

proportionate benefits and rights as to lien on and source and security for payment from the Pledged Revenues with all other Bonds.

SECTION 212. Book-Entry Bonds. (i) Except as provided in subparagraph (iii) of this Section 212, the registered owner of all Series 2004 Bonds shall be the Securities Depository and, as long as the Securities Depository shall be DTC, the Series 2004 Bonds shall be registered in the name of Cede & Co., as nominee for DTC or any other nominee for DTC. The Trustee is hereby authorized to enter into agreements with DTC and other depository trust companies, including but not limited to, agreements necessary for wire transfers of interest and principal payments with respect to the Bonds, utilization of electronic book entry data received from DTC and other depository trust companies in place of actual delivery of Bonds and provision of notices with respect to Bonds registered by DTC and other depository trust companies (or any of their designees identified to the Trustee) by overnight delivery, courier service, telegram, telecopy or other similar means of communication. Payment of interest for any Bond registered in the name of Cede & Co. shall be made to the account of Cede & Co. at the address indicated for Cede & Co. in the registration books kept by the Trustee. The "Bonds" referred to in this Section 212 shall refer to all Book-Entry Bonds.

(ii) The Bonds shall be initially issued in the form of separate, single, authenticated fully-registered Bonds in the amount of each separately stated maturity. As long as certificates for the Bonds are not issued pursuant to this Section 212, the Trustee and the Corporation may treat the Securities Depository (or its nominee) as the sole and exclusive owner of the Bonds registered in its name for the purposes of payment of the principal or redemption premium, if any, or interest on the Bonds, selecting the Bonds or portions thereof to be redeemed, giving any notice permitted or required to be given to the owners of such Bonds hereunder, registering the transfer of Bonds, obtaining any consent or other action to be taken by Bondholders and for all other purposes whatsoever; and neither the Trustee nor the Corporation shall have any responsibility or obligation to any Participant, any Beneficial Owner or any other person claiming a beneficial ownership interest in the Bonds under or through the Securities Depository or any Participant, or any other person which is not shown on the registration books of the Trustee as being an owner of Bonds, with respect to the accuracy of any records maintained by the Securities Depository or any Participant; the payment to the Securities Depository or any Participant of any amount in respect of the principal or redemption premium, if any, or interest on the Bonds; any notice which is permitted or required to be given to Bondholder; the selection by the Securities Depository or any Participant of any person to receive payment in the event of a partial redemption of the Bonds; or any consent given or other action taken by the Securities Depository as owner of Bonds. The Trustee shall pay all principal and redemption premium, if any, and interest on the Bonds only to or "upon the order of" the Securities Depository (as that term is used in the Uniform Commercial Code as adopted in the State of New York), and all such payments shall be valid and effective to fully satisfy and discharge the Corporation's obligations with respect to the principal or redemption premium, if any, and interest on the Bonds to the extent of the sum or sums so paid. Except as provided in (iii) below, no person other than the Securities Depository shall receive an authenticated Bond for each separate stated maturity evidencing the obligation of the Corporation to make payments of the applicable redemption price. Upon delivery by the Securities Depository to the Trustee

of written notice to the effect that the Securities Depository has determined to substitute a new nominee in place of Cede & Co., the Bonds will be transferable to such new nominee in accordance with subparagraph (vi) below.

(iii) In the event the Corporation determines that it is in the best interest of the Corporation not to continue the Book-Entry system of transfer for the Bonds or that the interest of the owners of the Bonds might be adversely affected if the Book-Entry system of transfer is continued, the Corporation may notify the Securities Depository and the Trustee, whereupon the Securities Depository will notify the Participants, of the availability through the Securities Depository of certificates for the Bonds. In such event, the Trustee shall issue, transfer and exchange certificates for the Bonds as requested by the Securities Depository and any Participant or Beneficial Owner in appropriate amounts in accordance with subparagraph (vi) below. The Securities Depository may determine to discontinue providing its services with respect to the Bonds at any time by giving notice to the Corporation and the Trustee and discharging its responsibilities with respect thereto under applicable law, or the Corporation may determine that the Securities Depository is incapable of discharging its responsibilities and may so advise the Securities Depository. In either such event, the Corporation shall either establish its own Book-Entry system or use reasonable efforts to locate another Securities Depository. Under such circumstances (if there is no successor securities depository), the Corporation and the Trustee shall be obligated to deliver certificates for the Bonds as described in subparagraph (vi) below. In the event certificates for the Bonds are issued, the provisions of this Agreement shall apply to, among other things, the printing of certificates, the transfer and exchange of such certificates and the method of payment of principal or redemption premium, if any, and interest on such certificates. Whenever the Securities Depository requests the Corporation and the Trustee to do so, the Trustee and the Corporation will cooperate with the Securities Depository in taking appropriate action after reasonable notice (A) to make available one or more separate certificates evidencing the Bonds to any Participant having Bonds credited to its account with the Securities Depository, or (B) to arrange for another Securities Depository to maintain custody of certificates evidencing the Bonds.

(iv) Notwithstanding any other provision of this Agreement to the contrary, so long as any Bond is registered in the name of Cede & Co., as nominee of DTC, all payments with respect to the principal or redemption premium, if any, and interest on such Bond and all notices with respect to such Bond shall be made and given, respectively, to DTC as provided in the blanket representation letter of the Corporation with DTC.

(v) In connection with any notice or other communication to be provided to owners of Bonds pursuant to this Agreement by the Corporation or the Trustee or with respect to any consent or other action to be taken by owners of Bonds, the Corporation or the Trustee, as the case may be, shall establish a record date for such consent or other action and give the Securities Depository notice of such record date not less than is fifteen (15) calendar days in advance of such record date to the extent possible. Such notice to the Securities Depository shall be given only when the Securities Depository is the sole Bondholder.

(vi) In the event that any transfer or exchange of Bonds is permitted under subparagraph (ii) or (iii) hereof, such transfer or exchange shall be accomplished upon receipt, by the Trustee from the registered owner thereof of the Bonds to be transferred or exchanged, of appropriate instruments of transfer to the permitted transferee, all in accordance with the applicable provisions of this Agreement. Each Series 2004 Bond shall bear a legend substantially to the following effect: "Unless this certificate is presented by an authorized representative of The Depository Trust Company, a New York corporation ("DTC"), to the Corporation or its agent for registration of transfer, exchange, or payment, and any certificate issued is registered in the name of Cede & Co. or in such other name as is requested by an authorized representative of DTC (and any payment is made to Cede & Co. or to such other entity as is requested by an authorized representative of DTC), any transfer, pledge, or other use hereof for value or otherwise by or to any person is wrongful inasmuch as the registered owner hereof, Cede & Co., has an interest herein."

SECTION 213. Capital Appreciation Bonds; Capital Appreciation and Income Bonds. For purposes of determining the principal amount of a Capital Appreciation Bond or a Capital Appreciation and Income Bond for redemption, applying an Amortization Requirement or computation of the amount of Bonds held by the Holder thereof in giving to the Corporation any notice, covenant, request or demand pursuant to this Agreement for any purpose whatsoever, the principal amount of a Capital Appreciation Bond shall be deemed to be its Accreted Value and the principal amount of a Capital Appreciation and Income Bond shall be deemed to be its Appreciated Value. For purposes of determining the amount required to be deposited to the credit of any sub-account within the Reserve Account, reference herein to the principal amount shall mean in the case of Capital Appreciation Bonds, Capital Appreciation and Income Bonds and other Bonds which are sold to the public at a discount, the value of such Bonds at maturity. For purposes of the order of payments under Section 702 hereof, the principal amount of a Capital Appreciation Bond and a Capital Appreciation and Income Bond shall be the initial public offering price thereof.

SECTION 214. CUSIP Numbers. The Corporation in issuing the Bonds may use "CUSIP" numbers (if then generally in use), and, if so, the Trustee shall use "CUSIP" numbers in notices of redemption as a convenience to Holders; provided that any such notice may state that no representation is made as to the correctness of such numbers either as printed on the Bonds or as contained in any notice of a redemption and that reliance may be placed only on the other identification numbers printed on the Bonds, and any such redemption shall not be affected by any defect in or omission of such numbers. The Corporation will promptly notify the Trustee of any change in the "CUSIP" numbers.

ARTICLE III.

REDEMPTION OF BONDS

SECTION 301. Redemption of Bonds. The Bonds of each Series issued under the provisions of this Agreement may be made subject to redemption, both in whole and in part and at such times and prices, as may be provided in the resolution authorizing the issuance of such

Bonds. Term Bonds shall be made subject to redemption to the extent of any Amortization Requirements therefor.

If less than all of the Bonds of any one maturity of a Series shall be called for redemption, the particular Bonds or portions of Bonds to be redeemed shall be selected by the Trustee in such manner as it shall deem fair and appropriate; provided, however, that the portion of any Bond of any Series to be redeemed shall be in the principal amount equal to the lowest denomination authorized for such Series or some multiple thereof, and that, in selecting Bonds for redemption, the Trustee shall treat each Bond as representing that number of Bonds which is obtained by dividing the principal amount of such Bond by the amount of such lowest authorized denomination.

Anything in this Agreement to the contrary notwithstanding, if less than all of the Bonds are called for redemption and the Book-Entry system under Section 212 remains in effect, the Securities Depository shall reduce the credit balances of the applicable Participants in respect of the Bonds, and such Participants shall in turn select the Beneficial Owners whose ownership interests are to be extinguished by such partial redemption, each by such method as the Securities Depository or such Participants, as the case may be, in their sole discretion deem fair and appropriate.

SECTION 302. Redemption Notice. At least thirty (30) days (or such lesser number of days as may be provided in the resolution authorizing the issuance of the particular Bonds) before the redemption date of any Bonds, the Trustee shall cause a notice of any such redemption, either in whole or in part, on behalf of the Corporation to be mailed, by first class mail, postage prepaid, to any other paying agents for the Bonds to be redeemed and to all Holders of Bonds to be redeemed at their addresses as they appear upon the books of registration hereinabove provided for; but failure so to mail any such notice to any Holder or any defect in any notice so mailed shall not affect the validity of the proceedings for the redemption of other Bonds. Each such notice shall set forth (1) the date fixed for redemption, (2) the redemption price to be paid, (3) that on the date fixed for redemption the redemption price will become due and payable upon each Bond called for redemption, (4) if moneys for the payment of the redemption price shall be on deposit on such date, that interest thereon shall cease to accrue on and after said redemption date, (5) the place where such Bonds are to be surrendered for payment of such redemption price, (6) if less than all of the Bonds of a Series then Outstanding shall be called for redemption, the numbers of such Bonds and (7) the complete designation of the Series, including the CUSIP numbers. Each notice of redemption shall also contain (a) the date of issue of the Bond as originally issued; (b) the rate of interest borne by each Bond being redeemed; (c) the maturity date of each Bond being redeemed; and (d) the name, address and telephone number of a contact person, if any, representing the Trustee. In case any Bond is to be redeemed in part only, the notice of redemption which relates to such Bond shall state also the amount of such Bond to be redeemed and that on or after the redemption date, upon surrender of such Bond, a new Bond or Bonds of the same Series and maturity, bearing interest at the same rate and in principal amount equal to the unredeemed portion of such Bond will be issued. In the case of any redemption other than a redemption pursuant to any Amortization Requirements for Term Bonds, the Corporation shall, at least forty-five (45) days prior to the redemption date, notify the Trustee of such redemption date and the principal amount of Bonds to be redeemed.

In addition to the foregoing notice, further notice shall be given by the Trustee as set out below, but no defect in said further notice nor any failure to give all or any portion of such further notice shall be the basis for any liability of the Trustee or in any manner defeat the effectiveness of a call for redemption if notice thereof is given as above prescribed:

(a) Each further notice of redemption shall be sent by first class mail, postage prepaid, at least thirty (30) days (or such lesser number of days as applies to the notice given to the Holders of Bonds being redeemed) before the redemption date to the Rating Agencies and to registered securities depositories and national information services whose names and addresses are included in the most recent list thereof furnished to the Trustee by the Corporation; and

(b) The Trustee shall cause a second notice of redemption to be mailed in the manner and in the form required above for the initial notice of redemption to Holders of Bonds or portions thereof to be redeemed who have not surrendered their Bonds within sixty (60) days after the redemption date.

SECTION 303. Effect of Calling for Redemption. On the date so designated for redemption, notice having been given in the manner and under the conditions hereinabove provided, the Bonds or portions of Bonds so called for redemption shall become and be due and payable at the redemption price provided for the redemption of such Bonds or portions of Bonds on such date, and, if sufficient moneys for payment of the redemption price and accrued interest or Sufficient Government Obligations as defined in Section 305 hereof are held by the Trustee in trust for the Holders of Bonds to be redeemed, as provided in this Agreement, interest on the Bonds or portions of Bonds so called for redemption shall cease to accrue, such Bonds or portions of Bonds shall cease to be entitled to any benefit or security hereunder and shall no longer be Outstanding hereunder and the Holders of such Bonds or portions of Bonds shall have no rights in respect thereof except to receive payment of the redemption price thereof and accrued interest, and, to the extent provided in Section 306 hereof, to receive Bonds for any unredeemed portions of Bonds.

SECTION 304. Cancellation of Bonds. All Bonds paid, redeemed or purchased by the Corporation, either at or before maturity, shall be delivered to the Trustee when such payment, redemption or purchase is made and such Bonds shall thereupon be cancelled. The Trustee shall provide to the Corporation the details of all Bonds so cancelled. All Bonds cancelled under any of the provisions of this Agreement either shall be delivered to the Corporation or disposed of by the Trustee in accordance with its customary procedures, at the option of the Corporation.

SECTION 305. Bonds To Be Paid Not Outstanding. If (a) Bonds shall have been duly called for redemption under the provisions of this Article III or irrevocable instructions have been given by the Corporation to the Trustee to (i) call Bonds for redemption under the provisions of this Article III or (ii) pay Bonds at their maturity or maturities (the Bonds described in clause (a) are herein collectively called the "Bonds to be Paid"), and (b) sufficient moneys to provide for the payment of such Bonds or Sufficient Government Obligations (as defined below) are held in separate accounts by the Trustee or other appropriate fiduciary institution acting as escrow agent solely for the Holders of the Bonds to be Paid, then, notwithstanding any other provisions herein to the contrary, the Bonds to be Paid shall not be deemed to be Outstanding

under the provisions of this Agreement and shall cease to be entitled to any benefit or security under this Agreement.

For purposes of this Agreement “Sufficient Government Obligations” shall mean Government Obligations which are in such principal amounts, bear interest at such rate or rates and mature (without option of prior redemption) on such date or dates so that the proceeds to be received upon payment of such Government Obligations at their maturity and the interest to be received thereon, without any reinvestment thereof, will provide sufficient moneys on the dates required to pay the principal of and redemption premium, if any, and the interest on the Bonds to be Paid to the dates of their redemption or maturity.

SECTION 306. Partial Redemption. In case part but not all of an Outstanding Bond shall be selected for redemption, the Holder thereof or his attorney or legal representative shall present and surrender such Bond to the Trustee for payment of the principal amount thereof so called for redemption, and the Corporation shall execute and the Trustee shall authenticate and deliver to or upon the order of such Holder or his attorney or legal representative, without charge to the Holder therefor, for the unredeemed portion of the principal amount of the Bond so surrendered, a new Bond or Bonds of the same Series and maturity, bearing interest at the same rate and of any denomination or denominations authorized by this Agreement.

ARTICLE IV.

FUNDS AND ACCOUNTS

SECTION 401. Sinking Fund and Accounts. A special fund is hereby created and designated “Puerto Rico Public Finance Corporation Restructuring Sinking Fund” (herein sometimes called the “Sinking Fund”) to be held by the Trustee. There are hereby created three separate accounts in the Sinking Fund which are designated “Bond Service Account,” “Redemption Account,” and “Surplus Account,” and a separate and segregated sub-account within the Bond Service Account designated “Capitalized Interest Sub-account.” Subject to the terms and conditions set forth in this Agreement, moneys held to the credit of the Sinking Fund shall be held in trust and applied by the Trustee solely for the purposes set forth below and pending such application shall be subject to the lien and charge created pursuant to this Agreement until paid out or transferred as provided herein.

The Corporation shall deposit in the Capitalized Interest Sub-account such amounts as may be necessary to pay interest on the Bonds of any Series through such date as may be set forth in a resolution of the Board authorizing such Series of Bonds.

The Corporation shall cause the Secretary of the Treasury of the Commonwealth to transfer to the Trustee, no later than July fifteen (15) of each Fiscal Year while the Bonds are Outstanding, funds representing the entire Legislative Appropriation for such Fiscal Year.

All funds received by the Trustee representing the Legislative Appropriation in respect of the Notes (or funds received in substitution therefor or in respect of the Notes, including any moneys received pursuant to a draw under the GDB Letters of Credit) and other funds received by the Trustee, including any Hedge Counterparty Swap Payments (other than moneys received

from draws made under any Credit Facility or Liquidity Facility, other than the GDB Letters of Credit, which moneys will be deposited in special sub-accounts as provided below), shall be deposited in the Sinking Fund in the following order:

first: to the credit of the Bond Service Account, such amount as may be required to make the total amount then to the credit of the Bond Service Account equal to the sum of (i) the amount of interest then or to become due and payable on the Bonds of each Series then Outstanding during the Bond Year commencing within the Fiscal Year with respect to which such Legislative Appropriation is made or such funds are received and (ii) the amount of principal then or to become due and payable not later than July thirty-first (31) of such Bond Year on the Serial Bonds of each Series then Outstanding;

second: to the credit of the Redemption Account, such amount as may be required to make the total amount then to the credit of the Redemption Account in the Bond Year commencing within the Fiscal Year with respect to which such Legislative Appropriation is made or such funds are received equal to the Amortization Requirement for such Bond Year for the Term Bonds of each Series then Outstanding; and

third: to the credit of the Surplus Account, any remaining amount.

If the Corporation issues Variable Rate Bonds pursuant to the provisions of Section 207, 208 or 209 of this Agreement, the assumptions for calculating interest for the current Bond Year to ensure a sufficient deposit for the payment of said interest shall be made on the basis established in the resolution authorizing the issuance of such Variable Rate Bonds.

If there is a Credit Facility or a Liquidity Facility issued by a provider in connection with the issuance of a Series of Bonds, any moneys received from draws under such Credit Facility or Liquidity Facility shall be deposited in separate sub-accounts in the Bond Service Account or the Redemption Account, as appropriate, and used to pay the principal of and interest on the Bonds secured thereby.

To the extent required by a resolution of the Board in connection with the issuance of any Series of Bonds, the Trustee shall establish one or more sub-accounts within the Bond Service Account and the Redemption Account to segregate amounts paid under any of the Notes and make withdrawals from such sub-accounts to make payments under any Series of Bonds designated in such resolution of the Board. Nothing in the foregoing sentence shall be deemed to affect the parity status of the Bonds.

SECTION 402. Withdrawals from Bond Service Account. (a) Subject to the provisions of paragraph (b) of this Section, on each Interest Payment Date or as otherwise provided in the resolution of the Board authorizing the issuance of a Series of Bonds, the Trustee shall withdraw from the Bond Service Account and (1) remit by mail (or by wire transfer, in the case of the Series 2004 Bonds or if so provided by resolution of the Board) to each Bondholder the amounts required for paying interest upon such Bonds as such interest becomes due and (2) set aside sufficient moneys for paying the principal of Serial Bonds as such principal becomes due. If paying agents other than the Trustee have been designated by the Corporation, the Trustee shall deposit in trust with such paying agents the amounts required to pay such principal

and interest. Notwithstanding any provision herein to the contrary, if principal of and premium, if any, and interest on the Bonds that would have been paid from the Bond Service Account or Redemption Account is paid instead by amounts drawn under a Credit Facility or a Liquidity Facility, amounts held to the credit of the Bond Service Account and the Redemption Account for such purposes shall be paid, to the extent required under any agreement with the issuer of such Credit Facility or Liquidity Facility, to such issuer. The Trustee shall establish one or more sub-accounts within the Bond Service Account and the Redemption Account, to the extent required by a resolution of the Board, to segregate amounts to be paid to the issuer of a Credit Facility or a Liquidity Facility or amounts received from a Credit Facility or a Liquidity Facility.

(b) Moneys in the Capitalized Interest Sub-account shall be applied exclusively by the Trustee to the payment of interest accruing on any Series of Bonds from which proceeds were deposited in the Capitalized Interest Sub-account pursuant to the resolution of the Board authorizing such Series of Bonds.

SECTION 403. Withdrawals from Redemption Account. Moneys held to the credit of the Redemption Account shall be applied to the retirement of Bonds as follows:

(a) Subject to the provisions of paragraph (c) of this Section, the Trustee shall endeavor to purchase Bonds or portions of Bonds, whether or not such Bonds or portions shall then be subject to redemption, at the most advantageous price obtainable by it with reasonable diligence, such price not to exceed the principal of such Bonds plus the amount of the premium, if any, that would be payable on the next redemption date to the holders of such Bonds under the provisions of Article III of this Agreement if such Bonds or portions of Bonds should be called for redemption on such date from the moneys in the Sinking Fund. The Trustee shall pay the interest accrued on such Bonds or portions of Bonds to the date of delivery thereof from the Bond Service Account and the principal portion of such purchase price from the Redemption Account. No such purchase shall be made by the Trustee within the period of forty-five (45) days immediately preceding the date on which such Bonds are subject to call for redemption under the provisions of this Agreement except from moneys in excess of the amounts set aside or deposited for such redemption of Bonds.

(b) Subject to the provisions of paragraph (c) of this Section, the Trustee shall call for redemption on each date on which Bonds are subject to redemption from moneys in the Sinking Fund such amount of Bonds or portions of Bonds then subject to redemption as, with the redemption premium, if any, will exhaust the moneys then held for the credit of the Redemption Account as nearly as may be; provided, however, that not less than ONE HUNDRED THOUSAND DOLLARS (\$100,000) principal amount of Bonds shall be called for redemption at any one time. Such redemption shall be made pursuant to the provisions of Article III of this Agreement. Prior to calling Bonds or portions of Bonds for redemption, the Trustee shall withdraw from the Bond Service Account and from the Redemption Account (including moneys transferred from the Reserve Account (if applicable) to the credit of the Redemption Account) and set aside in separate accounts or deposit with the paying agents the respective amounts required for paying the interest on, and the principal and redemption premium, if any, of the Bonds or portions of Bonds so called for redemption.

(c) Moneys in the Redemption Account shall be applied by the Trustee in each Bond Year to the retirement of Bonds of each Series then Outstanding in the following order:

first, the Term Bonds to the extent of the Amortization Requirement, if any, for such Bond Year for such Term Bonds of each such Series then Outstanding, plus the applicable premium, if any, and, if the amount available in such Bond Year shall not be sufficient therefor, then in proportion to the Amortization Requirement, if any, for such Bond Year for such Term Bonds of each such Series then Outstanding, plus the applicable premium, if any;

second, any balance then remaining shall be applied to the purchase of any Bonds then Outstanding whether or not such Bonds shall then be subject to redemption, in accordance with the provisions of paragraph (a) of this Section; and

third, any balance then remaining shall be applied to the retirement of Bonds of each Series as directed by the Corporation.

SECTION 404. Withdrawals from Surplus Account. (a) Moneys held to the credit of the Surplus Account shall be applied by the Trustee to make payments in the following order: (i) to make up any deficiency in the Bond Service Account and the Redemption Account; (ii) to pay the compensation of the Trustee and other amounts payable to the Trustee under Section 804 hereof upon the written request of the Corporation; (iii) to make Corporation Swap Payments (if applicable), if any; (iv) to pay any fees and expenses payable to the providers of any Credit Facility, Liquidity Facility, Reserve Account Insurance Policy or Reserve Account Letter of Credit (if applicable) upon the written request of the Corporation; and (v) to reimburse or pay any provider of such facilities (if applicable) for any other amounts due under the agreement with such provider.

(b) Any moneys held to the credit of the Surplus Account after all amounts described in paragraph (a) above required to be paid in respect of a Bond Year have been paid shall, upon the written request of the Corporation, be transferred to the credit of the Bond Service Account or the Redemption Account.

SECTION 405. Reserve Account. If the resolution of the Board providing for the issuance of Bonds under this Agreement requires that a Reserve Account be established, a separate account in the Sinking Fund designated "Reserve Account" is hereby authorized to be created in accordance with such resolution, in which Reserve Account there shall be established separate sub-accounts as provided in such resolution. In such event, the Trustee shall, from the funds received by the Trustee in accordance with Section 401, prior to depositing any amounts to the credit of the Surplus Account, deposit to the credit of each sub-account within the Reserve Account such amount as may be required to make the amount then on deposit to the credit of each such sub-account equal to the amount established in such resolution of the Board. Any Reserve Account created under the Trust Agreement will be applicable to one or more Series of Bonds issued under the Trust Agreement as provided in the resolution of the Board authorizing any such Series.

In lieu of any required deposit or in substitution of moneys on deposit to the credit of any sub-account within the Reserve Account (if applicable), the Corporation may cause to be

deposited to the credit of such sub-account within the Reserve Account a Reserve Account Insurance Policy or a Reserve Account Letter of Credit in an amount equal to such required deposit, which Reserve Account Insurance Policy or Reserve Account Letter of Credit shall be satisfactory in form and substance to the Trustee and shall (i) be payable or available to be drawn upon, as the case may be (upon the giving of notice as required thereunder), on any payment date for the Bonds on which a withdrawal from such sub-account within the Reserve Account would be required under Section 404 hereof, and (ii) give the Trustee the right to draw on any Reserve Account Insurance Policy or Reserve Account Letter of Credit prior to the expiration thereof unless the Corporation has furnished a replacement Reserve Account Insurance Policy or Reserve Account Letter of Credit or has provided sufficient moneys to make the amounts then on deposit to the credit of such sub-account within the Reserve Account equal to the amount required therefor. If a disbursement is made under a Reserve Account Insurance Policy or a Reserve Account Letter of Credit, the funds thereafter becoming available for deposit to the credit of the related sub-account within the Reserve Account shall be used by the Trustee to reinstate the amounts available to be drawn under such Reserve Account Insurance Policy or Reserve Account Letter of Credit in an amount at least equal to the amount being reimbursed to the provider of such Reserve Account Insurance Policy or Reserve Account Letter of Credit or, if such reinstatement is not available, to deposit to the credit of such sub-account within the Reserve Account moneys in the amount of the disbursement made under such Reserve Account Insurance Policy or Reserve Account Letter of Credit or a combination of such alternatives.

Moneys held to the credit of any sub-account within the Reserve Account (if applicable) shall be used by the Trustee for the purpose of paying interest on the Series of Bonds secured thereby and maturing principal of such Bonds when moneys held to the credit of the Bond Service Account shall be insufficient for such purpose and thereafter for the purpose of making deposits to the credit of the Redemption Account pursuant to the requirements of clause second of Section 40I of this Agreement whenever and to the extent that the Legislative Appropriation or the moneys received in respect of the Notes are insufficient therefor.

Any moneys held to the credit of any sub-account within the Reserve Account in excess of the amount required to be on deposit therein pursuant to the resolution of the Board shall, upon the written request of the Corporation, be transferred to the credit of the Bond Service Account or the Redemption Account.

SECTION 406. Moneys Set Aside Held in Trust. All moneys which the Trustee shall have withdrawn from the accounts of the Sinking Fund, or shall have received from any other source and set aside or deposited with any paying agent for the purpose of paying the principal of or the interest on any of the Bonds hereby secured, either at the maturity thereof or upon call for redemption, or for the purpose of paying any other obligation of the Corporation secured hereunder, shall be held in trust for the respective Holders of such Bonds, the provider of the Credit Facility or Liquidity Facility (if applicable) or the Hedge Counterparty (if applicable). Any moneys which shall be set aside or deposited by the Trustee or any paying agent and which shall remain unclaimed by the Holders of such Bonds or such other person entitled to receive a payment hereunder for the period of two (2) years after the date on which such Bonds or the interest thereon or such other obligation shall have become payable shall, upon request in writing, be paid to the Corporation or to such officer, board or body as may then be entitled by law to receive the same, and thereafter the Holders of such Bonds or such other person entitled to

receive a payment hereunder, shall look only to the Corporation or to such officer, board or body, as the case may be, for payment and then only to the extent of the amounts so received without any interest thereon, and the Trustee and any other paying agents shall have no responsibility for such moneys.

SECTION 407. Establishment of Sub-accounts in the Redemption Account. The Trustee shall establish one or more sub-accounts in the Redemption Account for deposits of funds to be used for extraordinary mandatory redemptions of one or more Series of Bonds and shall deposit and withdraw moneys from such sub-accounts, if and as required by resolutions of the Board adopted prior to the issuance of such Series of Bonds.

ARTICLE V.

DEPOSITORIES OF MONEYS, SECURITY FOR DEPOSITS AND INVESTMENTS OF FUNDS

SECTION 501. Security for Deposits. All moneys deposited under the provisions of this Agreement with the Trustee shall be held in trust under the terms hereof, and shall not be subject to lien or attachment by any creditor of the Corporation.

All moneys deposited with the Trustee hereunder in excess of the amount insured by the Federal Deposit Insurance Corporation, or other Federal agency shall be continuously secured for the benefit of the Trustee, the Holders of the Bonds, the provider of any Credit Facility or Liquidity Facility and the Hedge Counterparty, if any, either (a) by depositing with a bank or trust company approved by the Corporation and by the Trustee, as custodian, or, if then permitted by law, by setting aside under control of the trust department of the bank holding such deposit, as collateral security, securities described in clause (i) of the definition of Government Obligations, or, with the approval of the Trustee, other marketable securities eligible as security for the deposit of trust funds under applicable regulations of the Comptroller of the Currency of the United States of America and applicable Commonwealth laws or regulations, having a market value (exclusive of accrued interest) not less than the amount of such deposit, or, (b) if the furnishing of security as provided in clause (a) of this Section is not permitted by applicable law, in such other manner as may then be required or permitted by applicable Commonwealth and Federal laws or regulations regarding the security for, or granting a preference in the case of, the deposit of trust funds; provided, however, that it shall not be necessary for the Trustee to give security for the deposits of any moneys set aside for the payment of the principal of or the redemption premium or the interest on any Bonds issued hereunder, or for the Trustee to give security for any moneys which shall be represented by obligations purchased under the provisions of this Article as an investment of such moneys.

All moneys deposited with the Trustee shall be credited to the particular fund or account to which such moneys belong.

SECTION 502. Investment of Moneys. Moneys held to the credit of the Bond Service Account and the Redemption Account (except the Capitalized Interest Sub-account and any sub-accounts established by one or more resolutions of the Board to segregate amounts received from a Credit Facility or a Liquidity Facility, which resolution or resolutions may

provide for the investment of moneys deposited to the credit of any such sub-account) shall, as nearly as may be practicable, be continuously invested and reinvested, at the written direction of the Corporation specifying the particular investment to be made, in (i) Government Obligations, that shall mature, or that shall be subject to redemption by the holder thereof at the option of such holder, not later than the respective dates when moneys held for the credit of said accounts will be required for the purposes intended or (ii) Investment Agreements pursuant to which funds would be available not later than the respective dates when moneys held for the credit of said accounts would be required for the purposes intended. Anything in this Agreement to the contrary notwithstanding, moneys held to the credit of the Capitalized Interest Sub-account may be invested, in addition to any other permitted investments of moneys in the Bond Service Account, in investment agreements with Government Development Bank pursuant to which funds would be available not later than the respective dates when moneys held to the credit of the Capitalized Interest Sub-account would be required for the purposes intended. Moneys held to the credit of the Surplus Account shall be continuously invested and reinvested at the written direction of the Corporation in any Investment Obligations selected by it. Moneys held to the credit of the Reserve Account (if applicable) shall, as nearly as may be practicable, be continuously invested and reinvested at the written direction of the Corporation specifying the particular investment to be made, in Investment Obligations that shall mature no later than the final maturity of the Bonds.

Obligations so purchased as an investment of moneys in any such funds or accounts shall be deemed at all times to be a part of such funds or accounts, and any investment earnings and profit or loss realized on the sale or maturity thereof, shall be credited or debited to such funds or accounts; provided, however, that if the deposits to any account required by Section 401 hereof have been made for the current Bond Year, the investment earnings on moneys held to the credit of such account shall be deposited in the order set forth in said Section 401 to the credit of any other account of the Sinking Fund for which such required deposit has not been made, and if all such required deposits have been made, such earnings shall be deposited to the credit of such account in the Sinking Fund as shall be directed by the Corporation. The Trustee, at the written direction of the Corporation, shall sell any obligations so purchased as an investment whenever it shall be necessary to do so in order to provide moneys to meet any payments or transfers from such funds or accounts. Neither the Trustee nor the Corporation shall be liable or responsible for any loss, fee, tax or other charge resulting from any such investment, reinvestment or liquidation of an investment.

In the case of investments in the obligations described in clauses (iii) of the definition of Investment Obligations in Section 101 hereof, the Corporation shall deliver to the Trustee, if the Trustee so requests, an opinion of counsel acceptable to the Trustee as to the perfection and priority of the security interests in the collateral described therein.

SECTION 503. Valuation of Investments. In computing the amount in any fund or account created pursuant to the provisions of this Agreement, obligations purchased as an investment of moneys therein shall be valued at par if purchased at par or at amortized value if purchased at other than par, plus, in each case, accrued interest. Amortized value, when used with respect to an obligation purchased at a premium above or a discount below par, means the value as of any given time obtained by dividing the total premium or discount at which such obligation was purchased by the number of days remaining to maturity on such obligation at the

date of such purchase and by multiplying the amount thus calculated by the number of days having passed since such purchase; and (1) in the case of an obligation purchased at a premium by deducting the product thus obtained from the purchase price, and (2) in the case of an obligation purchased at a discount by adding the product thus obtained to the purchase price. Valuation on any particular date shall include the amount of interest then earned or accrued to such date on any moneys or investments in such fund or account. The computation of the amount on deposit in or credited to any fund and account created under this Agreement and the valuation of the investments of such amount shall be performed by the Trustee for such fund and account held by the Trustee on the last day of each Bond Year, and such computation and valuation shall not be required to be performed at other times, except upon the written request of the Corporation.

ARTICLE VI. PARTICULAR COVENANTS

SECTION 601. Payment of Principal, Interest and Premium; Limited Obligation; Pledge of Notes and Pledged Revenues. The Corporation covenants that it will promptly pay the principal of and the interest on every Bond issued hereunder and secured hereby at the places, on the dates and in the manner specified herein and in said Bonds and any premium required for the retirement of said Bonds by purchase or redemption, according to the true intent and meaning thereof. Such principal, interest and premium, if any, are payable solely from the payments received in respect of the Notes and the Pledged Revenues, which Notes and Pledged Revenues are hereby pledged to the payment thereof in the manner and to the extent hereinabove particularly specified.

Nothing in the Bonds or in this Agreement shall be deemed to constitute the Bonds a debt or obligation of the Commonwealth or any of its instrumentalities (other than the Corporation) or political subdivisions, and neither the Commonwealth nor any of its instrumentalities (other than the Corporation) or political subdivisions shall be liable for the payment of the principal of or the interest on the Bonds.

Nothing in the Bonds or in this Agreement shall be deemed to establish or grant any rights to a holder of any bond, note or other obligation of the Corporation which was not issued under or secured by the lien of this Agreement.

SECTION 602. No Impairment. The Corporation covenants and agrees that, so long as any of the Bonds shall be Outstanding and so long as any of its other obligations under any Reimbursement Agreement (if applicable) or the Swap Agreement (if applicable) secured hereunder shall remain unpaid, none of the Pledged Revenues will be used for any purpose other than as provided in this Agreement, and that no contract or contracts will be entered into or any action taken by which the rights of the Trustee, the Holders or such other parties secured by this Agreement to such Pledged Revenues might be impaired or diminished. Any resolution adopted by the Board authorizing the issuance of a Series of Bonds shall, for all purposes, be deemed part of this Agreement and shall constitute a contract for the benefit of the Holders of said Series. This Agreement and any such resolution may be supplemented and amended only in accordance with Article X hereof, except for supplements and amendments to any such resolution adopted or

entered into prior to the issuance of the applicable Series of Bonds, which may be adopted or entered into without restriction.

SECTION 603. Inclusion of Principal and Interest Requirement in Budget. Each year while any Bonds are Outstanding, the Corporation shall file a timely request with the Director of the Office of Management and Budget of Puerto Rico to include in the annual budget of capital improvements and operating expenses of Puerto Rico for the next Fiscal Year the necessary Legislative Appropriation so that payments in respect of the Notes shall be sufficient to cover the principal and interest payable with respect to the Bonds and all other amounts payable in respect of the Bonds or payable under this Agreement during the next Bond Year commencing within such Fiscal Year.

SECTION 604. Covenant to Enforce Payment of Note. The Corporation agrees to take any and all action available to it under the laws of the Commonwealth to assure that all amounts due and payable under the Notes will be timely paid, and that if any such payment shall not be made when the same shall become due and payable, the Corporation agrees to take any and all action available to it under the laws of the Commonwealth to enforce such payment.

SECTION 605. Faithful Performance; Due Authority. The Corporation covenants that it will faithfully perform at all times any and all covenants, undertakings, stipulations and provisions contained in this Agreement and in any and every Bond executed and delivered hereunder. The Corporation represents and warrants that it is duly authorized to issue the Bonds authorized hereby, to execute and deliver this Agreement, and that all action on its part for the issuance of the Bonds issued hereunder and the execution and delivery of this Agreement have been duly and effectively taken.

SECTION 606. Tax Covenant. The Corporation hereby covenants and agrees that, to the extent permitted by the Constitution and laws of the Commonwealth, it shall comply with the requirements of the Internal Revenue Code of 1986, as amended, and the regulations promulgated thereunder so that interest on the Corporation's 2004 Series A Bonds and any refunding Bonds or additional Bonds the interest on which is intended to be excluded from gross income of the recipients thereof for Federal income tax purposes will remain excluded from gross income for Federal income tax purposes and, in furtherance thereof, the Corporation will comply with the requirements of the Tax Certificate as to Arbitrage and Provisions of Sections one hundred forty-one (141) through one hundred fifty (150) of the Internal Revenue Code of 1986.

ARTICLE VII.

REMEDIES

SECTION 701. Enforcement of Remedies. At the request of the Holders of not less than twenty percent (20%) of the aggregate principal amount of Bonds then Outstanding, the Trustee shall proceed, subject to the provisions of Sections 802 hereof, to protect and enforce its rights and the rights of the Holders under the laws of Puerto Rico or under this Agreement, including all rights with respect to the Notes and the Pledged Revenues, by such suits, actions or special proceedings in equity or at law, or by proceedings in the office of any board or officer

having jurisdiction, either for the specific performance of any covenant or agreement contained herein or in aid or execution of any power herein granted or for the enforcement of any proper legal or equitable remedy, as the Trustee, being advised by counsel, shall deem most effectual to protect and enforce such rights.

In the enforcement of any remedy under this Agreement the Trustee shall be entitled to sue for, enforce payment of and recover judgment for, in its own name and as trustee of an express trust, any and all amounts then or after any default becoming, and at any time remaining, due from the Corporation for principal, premium, if any, interest or otherwise under any of the provisions of this Agreement or of the Bonds and unpaid, together with any and all costs and expenses of collection and of all proceedings hereunder and under the Bonds, and to exercise all rights and remedies under the Notes, all without prejudice to any other right or remedy of the Trustee or of the Holders, and to recover and enforce any judgment or decree against the Corporation, but solely as provided herein and in the Bonds for any portion of such amounts remaining unpaid and interest, costs and expenses as above provided, and to collect, in any manner provided by law, the moneys adjudged or decreed to be payable. Anything in this Agreement to the contrary notwithstanding, the Trustee may not sell or otherwise dispose of the Notes.

SECTION 702. Pro Rata Application of Funds. Anything in this Agreement to the contrary notwithstanding, if at any time the moneys in the Sinking Fund shall not be sufficient to pay the interest on or the principal of the Bonds as the same shall become due and payable, such moneys (except for any moneys obtained from a drawing on a Credit Facility, other than the GDB Letters of Credit, or Liquidity Facility (if applicable) and deposited in a separate sub-account which shall secure only one or more specified Series of Bonds or moneys deposited in any sub-account within the Reserve Account that secures only one or more specified Series of Bonds), together with any moneys then available or thereafter becoming available for such purpose, whether through the exercise of the remedies provided for in this Article or otherwise, shall be applied as follows:

first: to the payment to the persons entitled thereto of all installments of interest then due and payable in the order in which such installments became due and payable and, if the amount available shall not be sufficient to pay in full any particular installment, then to the payment, ratably, according to the amounts due on such installment, to the persons entitled thereto, without any discrimination or preference except as to any difference in the respective rates of interest specified in such Bonds;

second: to the payment to the persons entitled thereto of the unpaid principal of any of the Bonds which shall have become due and payable (other than the Bonds called for redemption for the payment of which moneys are held pursuant to the provisions of this Agreement) in the order of their due dates, with interest on such Bonds at the respective rates specified therein from the respective dates upon which such Bonds became due and payable, and, if the amount available shall not be sufficient to pay in full the principal of such Bonds due and payable on any particular date, together with such interest, then to the payment first of such interest, ratably, according to the amount of such interest due on such date, and then to the payment of such principal, ratably, according to the amount of such principal due on such date, to the persons

entitled thereto without any discrimination or preference except as to any difference in the respective rates of interest specified in the Bonds;

third: to the payment of the interest on and the principal of the Bonds, to the purchase and retirement of Bonds and to the redemption of Bonds, all in accordance with the provisions of Article IV of this Agreement;

fourth: to the payment of any amounts then due and owing to a provider of a Credit Facility or a Liquidity Facility (if applicable); and

fifth: to the payment of any amounts then due and payable owing to a Hedge Counterparty under a Swap Agreement (if applicable).

Whenever moneys are to be applied pursuant to the provisions of this Section, such moneys shall be applied by the Trustee at such times, and from time to time, as the Trustee in its sole discretion shall determine, having due regard to the amount of such moneys available for application and the likelihood of additional moneys becoming available for such application in the future; the setting aside of such moneys in trust for the proper purpose shall constitute proper application by the Trustee; and the Trustee shall incur no liability whatsoever to the Corporation, to any Holder, the provider of a Credit Facility or a Liquidity Facility (if applicable), a Hedge Counterparty (if applicable) or to any other person for any delay in applying any such moneys, so long as the Trustee acts with reasonable diligence, having due regard to the circumstances, and ultimately applies the same in accordance with such provisions of this Agreement as may be applicable at the time of application by the Trustee. Whenever the Trustee shall exercise such discretion in applying such moneys, it shall fix the date (which shall be an Interest Payment Date unless the Trustee shall deem another date more suitable) upon which such application is to be made and upon such date interest on the amounts of principal to be paid on such date shall cease to accrue. The Trustee shall give notice as it may deem appropriate of the fixing of any such date, and shall not be required to make payment to the holder of any Bond until such Bond shall be surrendered to it for appropriate endorsement, or for cancellation if fully paid.

SECTION 703. Effect of Discontinuance of Proceeding. In case any proceeding taken by the Trustee shall have been discontinued or abandoned for any reason, then and in every such case the Corporation, the Trustee and the Holders shall be restored to their former positions and rights hereunder, respectively, and all rights, remedies, powers and duties of the Trustee shall continue as though no such proceeding had been taken.

SECTION 704. Majority of Bondholders May Control Proceeding. Anything in this Agreement to the contrary notwithstanding, Holders of a majority in principal amount of the Bonds Outstanding shall have the right, subject to the provisions of Section 802 hereof, by an instrument in writing executed and delivered to the Trustee, to direct the time, method and place of conducting all remedial proceedings to be taken by the Trustee hereunder or exercising any trust or power conferred upon the Trustee, provided that (i) such direction shall not be otherwise than in accordance with law and the provisions of this Agreement, and (ii) subject to the provisions of Section 801 hereof, that the Trustee may take any other action deemed proper by the Trustee which is not inconsistent with such direction. In the event that particular Bonds are secured by a Credit Facility or Liquidity Facility and the provider of the Credit Facility or

Liquidity Facility has not defaulted in its obligations under such Credit Facility or Liquidity Facility, the provider of such Credit Facility or Liquidity Facility shall have the right, in lieu of the Holders of the Bonds secured thereby, to direct the method and place of conducting such remedial proceedings and to give any consents or waivers to such remedial proceedings under Article VII.

SECTION 705. Restrictions Upon Actions by Individual Bondholders. No Holder of any of the Bonds shall have any right to institute, appear in or defend any suit, action or proceeding in equity or at law on any Bond or for the execution of any trust hereunder or for any other remedy hereunder. It is understood and intended that no one or more Holders of the Bonds hereby secured shall have any right in any manner whatever by his or their action to affect, disturb, or prejudice the security of this Agreement, or to enforce any right hereunder, that all suits, actions and proceedings at law or in equity shall be instituted, had and maintained in the manner herein provided and for the benefit of all Holders of such outstanding Bonds, and that any individual right of action or other right given to one or more of such Holders by law is restricted by this Agreement to the rights and remedies herein provided.

SECTION 706. No Remedy Exclusive. No remedy herein conferred upon or reserved to the Holders of the Bonds is intended to be exclusive of any other remedy or remedies herein provided, and each and every such remedy shall be cumulative and shall be in addition to every other remedy given hereunder.

SECTION 707. No Delay or Omission Construed to be a Waiver. No delay or omission of the Trustee, or any Holder of the Bonds to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or an acquiescence therein; and every power and remedy given by this Agreement to the Trustee and to the Holders may be exercised from time to time and as often as may be deemed expedient.

SECTION 708. Actions of Trustee. All rights of action under this Agreement or under any of the Bonds enforceable by the Trustee, may be enforced by it without the possession of any of the Bonds or the production thereof in the trial or other proceeding relative thereto, and any such suit, action or proceeding instituted by the Trustee shall be brought in its name for the benefit of all the Holders of such Bonds, subject to the provisions of this Agreement.

ARTICLE VIII.

CONCERNING THE TRUSTEE

SECTION 801. Acceptance of Trusts. The Trustee accepts and agrees to execute the trusts imposed upon it by this Agreement, but only upon the terms and conditions set forth in this Article and subject to the provisions of this Agreement, to all of which the parties hereto and the respective Holders of the Bonds agree.

The Trustee undertakes to perform such duties and only such duties as are specifically set forth in this Agreement, and no implied covenants or obligations shall be read into this Agreement against the Trustee.

SECTION 802. Trustee Entitled to Indemnity. The Corporation shall indemnify the Trustee for, and hold it harmless against, any loss, liability or reasonable expense (including, without limitation, fees and expenses of its agents and counsel) incurred without negligence on its part, arising out of or in connection with the acceptance or administration of the trust or trusts hereunder or in connection with the exercise or performance of any of its powers or duties hereunder, all such obligations of the Corporation being payable solely from Pledged Revenues. Any other provisions of this Agreement to the contrary notwithstanding, the Trustee shall be under no obligation to institute any suit, or to take any remedial proceeding under this Agreement, or to enter any appearance or in any way defend in any suit in which it may be made defendant, or to take any steps in the execution of the trusts hereby created or in the enforcement of any rights and powers hereunder, until it shall be indemnified to its satisfaction against any and all costs and expenses, outlays and counsel fees and expenses and other reasonable disbursements, and against all liability; the Trustee may, nevertheless, begin suit, or appear in and defend suit, or do anything else in its judgment proper to be done by it as such Trustee, without prior indemnity and in such case it shall be indemnified and reimbursed by the Corporation for all liabilities, costs and expenses, outlays and counsel fees and expenses and other reasonable disbursements properly incurred in connection therewith. The provisions of this Section shall survive the termination of this Agreement.

SECTION 803. Limitation on Trustee's Liabilities. The Trustee shall have no responsibility in respect of the validity, sufficiency, due execution or acknowledgment of this Agreement or the validity or sufficiency of the security provided hereunder, or except as to the authentication thereof, in respect of the validity of the Bonds or the due execution or issuance thereof. The Trustee shall not be liable or responsible because of the loss of any deposit of moneys arising through the insolvency or the act or default or omission of any other bank or trust company in which such deposit shall have been made by the Trustee under the provisions of this Agreement or by the Corporation. The Trustee shall not be responsible for the application of any of the proceeds of the Bonds, or the application of any other moneys deposited with it and paid out, withdrawn or transferred hereunder, if the application by the Trustee of such proceeds and such other moneys and such payment, withdrawal or transfer shall be made in accordance with the provisions of this Agreement. The Trustee shall not be liable in connection with the performance of its duties hereunder or for any error of judgment made in good faith by it, except for its own negligence or willful misconduct. The Trustee may confer with competent legal counsel of its selection and shall not be liable for any action taken or suffered by it in good faith in accordance with an opinion of counsel. The immunities and exemptions from liability of the Trustee hereunder shall extend to its directors, officers, employees and agents.

The Trustee may execute any of the trusts or powers hereunder or perform any duties hereunder either directly or by or through agents or attorneys and the Trustee shall not be responsible for any misconduct or negligence on the part of any agent or attorney appointed with due care by it hereunder.

No provision of this Agreement shall require the Trustee to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers, if it shall have reasonable grounds for believing that repayment of such funds or adequate indemnity against such risk or liability is not reasonably assured to it.

The Trustee shall not be liable for any action taken, suffered, or omitted to be taken by it in good faith and reasonably believed by it to be authorized or within the discretion or rights or powers conferred upon it by this Agreement, unless it shall be proved that the Trustee was negligent in ascertaining the pertinent facts.

The rights, privileges, protections, immunities and benefits given to the Trustee, including, without limitation, its right to be indemnified, are extended to, and shall be enforceable by, the Trustee in each of its capacities hereunder, and each agent, custodian and other person employed to act hereunder.

SECTION 804. Compensation. Subject to the provisions of any contract between the Corporation and the Trustee and to Sections 401 and 601 hereof, the Corporation shall pay to the Trustee such compensation as shall be agreed in writing between the Corporation and the Trustee for all services rendered by it hereunder and also all of its reasonable expenses, charges and other disbursements and those of its attorneys, agents and employees incurred in and about the acceptance, administration and execution of the trusts hereby created, and the performance of its powers and duties hereunder. The provisions of this Section shall survive the termination of this Agreement.

SECTION 805. Trustee May Rely on Certificates. In case at any time it shall be necessary or desirable for the Trustee to make any investigation respecting any fact preparatory to taking or not taking any action or doing or not doing anything as such Trustee, and in any case in which this Agreement provides for permitting or taking any action, and whenever in the administration of this Agreement the Trustee shall deem it desirable that a matter be proved or established prior to taking, suffering or omitting any action hereunder, the Trustee may, in the absence of bad faith, rely conclusively upon any certificate, requisition, opinion or other instrument required or permitted to be filed with it under the provisions of this Agreement, and any such instrument shall be conclusive evidence of such fact to protect the Trustee in any action that it may or may not take or in respect of anything it may or may not do, in good faith, by reason of the supposed existence of such fact. Except as otherwise provided in this Agreement, any request, notice, certificate or other instrument from the Corporation to the Trustee shall be deemed to have been signed by the proper party or parties if signed by the President or by any officer or employee of the Corporation who shall be designated by the Corporation by resolution for the purpose, and the Trustee may accept and rely upon a certificate signed by the President or any other officer or employee of the Corporation as to any action taken by the Corporation.

SECTION 806. Notice of Default. The Trustee shall mail to the Holders of the Bonds then Outstanding, at their addresses as they appear on the registration books, within thirty (30) days after the Trustee shall have actual knowledge of such default, and to any provider of a Credit Facility or a Liquidity Facility, at its address as known by the Trustee, within fifteen (15) days after the Trustee shall have actual knowledge of such default, written notice of any default in the payment of principal of and interest and premium on any Bond, and any other default actually known to the Trustee unless such default shall have been cured or waived. Except for such payment defaults, the Trustee shall not be deemed to have knowledge of any default hereunder unless specifically notified in writing by the Holders of not less than ten percent (10%) in principal amount of the Bonds Outstanding.

Notwithstanding the foregoing, except for any default in the payment of principal of and interest and premium on any Bond, the Trustee may withhold and shall be protected in withholding any notice to the Holders if and so long as the Trustee in good faith determines that the withholding of such notice is in the interests of the Holders.

SECTION 807. Trustee May Be Bondholder. The bank or trust company acting as Trustee under this Agreement, and its directors, officers, agents or employees in their respective individual or other capacities, may buy, sell, own, hold and deal in any of the Bonds issued under and secured by this Agreement, and may join in any action which any Holder of Bonds may be entitled to take with like effect and may otherwise deal with the Corporation as if such bank or trust company were not the Trustee under this Agreement, may engage or be interested in any financial or other transaction with the Corporation, and may maintain any and all of the general banking and business relations with the Corporation with like effect and in the same manner as if the Trustee were not a party to this Agreement; and no implied covenant shall be read into this Agreement against the Trustee in respect of such matters.

SECTION 808. Trustee Not Responsible for Recitals. The recitals, statements and representations contained herein and in the Bonds (excluding the Trustee's certificate of authentication on the Bonds) shall be taken and construed as made by and on the part of the Corporation and not by the Trustee, and the Trustee assumes and shall be under no responsibility for the correctness of the same. The Trustee makes no representation as to the validity or sufficiency of this Agreement or the Bonds.

SECTION 809. Trustee Protected in Relying on Papers. The Trustee shall be protected in acting or proceeding, or in not acting or not proceeding, in good faith, upon any resolution, order, notice, request, consent, waiver, certificate, statement, affidavit, requisition, bond or other paper or document which it shall in good faith believe to be genuine and to have been passed or signed by the proper board or person or to have been prepared and furnished pursuant to any of the provisions of this Agreement, or upon the written opinion or other advice of any attorney believed by the Trustee to be qualified in relation to the subject matter, and the Trustee shall be under no duty to make any investigation or inquiry as to any statements contained or matters referred to in any such instrument.

The Trustee may request that the Corporation deliver an officer's certificate setting forth the names of individuals and/or titles of officers authorized at such time to take specified actions pursuant to this Agreement, which officer's certificate may be signed by any person authorized to sign an officer's certificate, including any person specified as so authorized in any such certificate previously delivered and not superseded.

SECTION 810. Resignation of Trustee. The Trustee may resign and thereby become discharged from the trusts hereby created, by notice in writing to be given to the Corporation not less than sixty (60) days before such resignation is to take effect, but such resignation shall take effect immediately upon the appointment of a new Trustee hereunder, if such new Trustee shall be appointed before the time limited by such notice and shall then accept the trusts hereof.

No resignation by the Trustee under this Section, no removal of the Trustee under Section 811 hereof and no appointment of a successor Trustee under Section 812 hereof shall become effective until the acceptance of appointment by the successor Trustee under Section 813 hereof.

SECTION 811. Removal of Trustee. The Trustee may be removed at any time by an instrument or concurrent instruments in writing, signed by the Holders of not less than a majority in principal amount of the Bonds hereby secured and then outstanding and filed with the Corporation. A photo-static copy of each such instrument shall be delivered promptly by the Corporation to the Trustee. The Trustee may also be removed at any time for any breach of trust or for acting or proceeding in violation of, or for failing to act or proceed in accordance with, any provision of this Agreement with respect to the duties and obligations of the Trustee by any court of competent jurisdiction upon the application of the Corporation pursuant to resolution of the Holders of not less than ten percent (10%) in aggregate principal amount of the Bonds then Outstanding under this Agreement.

SECTION 812. Appointment of Successor Trustee. If at any time hereafter the Trustee shall resign, be removed, be dissolved or otherwise become incapable of acting, or the bank or trust company acting as Trustee shall be taken over by any governmental official, agency, department or board, the position of Trustee shall thereupon become vacant. If the position of Trustee shall become vacant for any reason, the Corporation shall appoint a Trustee to fill such vacancy.

At any time within one year after any such vacancy shall have occurred, the Holders of a majority in principal amount of the Bonds hereby secured and then Outstanding, by an instrument or concurrent instruments in writing, signed by such Bondholders or their attorneys in fact thereunto duly authorized and filed with the Corporation, may appoint a successor Trustee, which shall supersede any Trustee theretofore appointed by the Corporation. Photo-static copies of each such instrument shall be delivered promptly by the Corporation to the predecessor Trustee and to the Trustee so appointed by the Bondholders.

If no appointment of a successor Trustee shall be made pursuant to the foregoing provisions of this Section within ten (10) days after the vacancy shall have occurred, the Holder of any Bond Outstanding hereunder or any retiring Trustee may apply, at the expense of the Corporation, to any court of competent jurisdiction to appoint a successor Trustee. Such court may thereupon, after such notice, if any, as such court may deem proper and prescribe, appoint a successor Trustee.

Any Trustee hereafter appointed shall be a corporation duly authorized to exercise corporate trust powers and subject to examination by Federal, state or Commonwealth authority and in good standing and having at the time of its appointment a combined capital and surplus aggregating at least FIFTY MILLION DOLLARS (\$50,000,000).

Within thirty (30) days after the appointment of a successor Trustee, the Trustee shall notify the Rating Agencies of such appointment, provided that failure to mail such notice shall not affect the validity of such appointment.

SECTION 813. Vesting of Trust with Successor Trustee. Every successor Trustee appointed hereunder shall execute, acknowledge and deliver to its predecessor, and also to the Corporation, an instrument in writing accepting such appointment hereunder, and thereupon such successor Trustee, without any further act, shall become fully vested with all the rights, immunities, powers and trusts, and subject to all the duties and obligations, of its predecessor; but such predecessor shall, nevertheless, on the written request of its successor or of the Corporation and upon payment of the expenses, charges and other disbursements of such predecessor which are payable pursuant to the provisions of Section 804 hereof, execute and deliver an instrument transferring to such successor Trustee all the rights, immunities, powers and trusts of such predecessor hereunder; and every predecessor Trustee shall deliver all property and moneys held by it hereunder to its successor. Should any instrument in writing from the Corporation be required by any successor Trustee for more fully and certainly vesting in such Trustee the rights, immunities, power and trusts hereby vested or intended to be vested in the predecessor Trustee, any such instrument in writing shall and will, on request, be executed, acknowledged and delivered by the Corporation.

SECTION 814. Reporting Requirements. The Trustee shall, on a semiannual basis, file with the Corporation a statement setting forth in respect of the preceding six calendar months:

- (a) the amount withdrawn or transferred by it and the amount deposited with it on account of each Fund and Account held by it under the provisions of this Agreement;
- (b) the amount on deposit with it at the end of such month to the credit of each such Fund and Account;
- (c) a brief description of all obligations held by it as an investment of moneys in each such Fund and Account and of any Reserve Account Letter of Credit or Reserve Account Insurance Policy in the Reserve Account (if applicable);
- (d) the amount applied to the purchase or redemption of Bonds under Section 403 of this Agreement and a description of Bonds or portions of Bonds so purchased or redeemed; and
- (e) any other information which the Corporation may reasonably request.

All records and files pertaining to the trusts hereunder in the custody of the Trustee shall be open at all reasonable times to the Corporation and its agents and representatives.

ARTICLE IX.

EXECUTION OF INSTRUMENTS BY BONDHOLDERS AND PROOF OF OWNERSHIP OF BONDS

SECTION 901. Proof of Execution of Documents and Ownership (a) Any request, direction, consent or other instrument in writing required by this Agreement to be signed or executed by Bondholders may be in any number of concurrent instruments of similar tenor and may be signed or executed by such Bondholders in person or by their attorneys or legal representatives appointed by an instrument in writing. Proof of the execution of any such

instrument and of the ownership of Bonds shall be sufficient for any purpose of this Agreement and shall be conclusive in favor of the Trustee with regard to any action taken by it under such instrument if made in the following manner:

(1) The fact and date of the execution by any person of any such instrument may be proved by the verification of any officer in any jurisdiction who, by the laws thereof, has power to take affidavits within such jurisdiction, to the effect that such instrument was subscribed and sworn to before him, or by an affidavit of a witness to such execution. Where such execution is on behalf of a person other than an individual, such verification shall also constitute sufficient approval of the authority of the signor thereof.

(2) The ownership of Bonds shall be proved by the registration books required to be maintained pursuant to the provisions of Article II of this Agreement.

Nothing contained in this Article shall be construed as limiting the Trustee to such proof, it being intended that the Trustee may accept any other evidence of the matters herein stated which it may deem sufficient.

(b) If the Corporation shall solicit from the Holders any request, direction, consent or other instrument in writing required or permitted by this Agreement to be signed or executed by the Holders, the Corporation may, at its option, fix in advance a record date for determination of Holders entitled to give each request, direction, consent or other instrument, but the Corporation shall have no obligation to do so. If such a record date is fixed, such request, direction, consent or other instrument may be given before or after such record date, but only the Holders of record at the close of business on such record date shall be deemed to be Holders for the purposes of determining whether Holders of the requisite proportion of Bonds have authorized or agreed or consented to such request, direction, consent or other instrument, and for that purpose the Bonds shall be computed as of such record date.

(c) Any request or consent of the Holder of any Bond shall bind every future Holder of the same Bond or any Bond issued in place thereof in respect of anything done by the Trustee pursuant to such request or consent.

ARTICLE X. SUPPLEMENTAL AGREEMENTS

SECTION 1001. Supplemental Agreements Without Bondholders' Consent. The Corporation and the Trustee may, without the consent or approval of, or notice to, any of the Bondholders, from time to time and at any time, enter into such agreements supplemental hereto as shall not be inconsistent with the terms and provisions hereof (which supplemental agreements shall thereafter form a part hereof):

(a) to cure any ambiguity or formal defect or omission in this Agreement or in any supplemental agreement or to correct or supplement any provision contained herein that may be defective or inconsistent with any other provisions contained herein; or

(b) to grant to or confer upon the Trustee for the benefit of the Bondholders any additional rights, remedies, powers, authority or security that may lawfully be granted to or conferred upon the Bondholders or the Trustee; or

(c) to add to the conditions, limitations and restrictions on the issuance of Bonds under the provisions of this Agreement, other conditions, limitations and restrictions thereafter to be observed; or

(d) to add to the covenants and agreements of the Corporation in this Agreement other covenants and agreements thereafter to be observed by the Corporation or to surrender any right or power herein reserved to or conferred upon the Corporation; or

(e) to permit the issuance of Bonds in coupon form; or

(f) to qualify the Bonds or any of the Bonds for registration under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended; or

(g) to qualify this Agreement as an "indenture" under the Trust Indenture Act of nineteen hundred thirty-nine (1939), as amended; or

(h) to make such changes as may be necessary to adjust the terms hereof so as to facilitate the issuance of Variable Rate Bonds, Capital Appreciation Bonds, Capital Appreciation and Income Bonds, Put Bonds, Interim Bonds and such other Bonds as may be marketable from time to time; or

(i) to make such changes as may be necessary to comply with the provisions of Puerto Rico law relating to the exclusion of interest on the Bonds from gross income thereunder; or

(j) to make such changes as may evidence the right and interest of an issuer of a Credit Facility or a Liquidity Facility that secures any Series of Bonds.

(k) to make such changes as may be necessary to create a Reserve Account for any Bonds.

SECTION 1002. Modification with Consent of Holders of Majority of Bonds.

Subject to the terms and provisions contained in this Section, and not otherwise, the Holders of not less than a majority in aggregate principal amount of the Bonds at the time Outstanding (or in case less than all of several Series of Bonds then Outstanding are affected by the supplement hereto, the Holders of not less than a majority in principal amount of the Bonds of each Series so affected and Outstanding at the time the consent is given) shall have the right, from time to time, anything contained in this Agreement to the contrary notwithstanding, to consent to and approve the execution by the Corporation and the Trustee of such agreement or agreements supplemental hereto as shall be deemed necessary or desirable by the Corporation for the purpose of modifying, altering, amending, adding to or rescinding, in any particular, any of the terms or provisions contained in this Agreement or in any supplemental agreement; provided, however, that nothing herein contained shall permit, or be construed as permitting, without the consent of the Holders of one hundred percent (100%) of the Bonds Outstanding affected by the proposed

supplemental agreement (a) an extension of the time for the payment of the principal of or the interest on any Bond, or (b) a reduction in the principal amount of any Bond or the redemption premium or the rate of interest thereon, or (c) the creation of any lien or a pledge of funds other than the lien and pledge created by this Agreement, or (d) a preference or priority of any Bond or Bonds over any other Bond or Bonds, or (e) a reduction in the aggregate principal amount of the Bonds required for consent to such supplemental agreement or any waiver hereunder. Nothing herein contained, however, shall be construed as making necessary the approval by Bondholders of the execution of any supplemental agreement authorized by Section 1001 of this Article. The provider of any Credit Facility or Liquidity Facility (if applicable) shall have the right in lieu of the Holders of the Bonds secured thereby, to give consent to any supplemental agreement for which consent of the Holders of such Bonds is required under this Article and all references to Bondholder for purposes of such consent shall mean instead the provider of such Credit Facility or Liquidity Facility; provided, however, that such provider of a Credit Facility or Liquidity Facility shall not be in default on its obligations in connection with such Credit Facility or Liquidity Facility.

If at any time the Corporation shall request the Trustee to enter into any supplemental agreement for any of the purposes of this Section, the Trustee shall cause a notice to be mailed, postage prepaid, to all Bondholders then Outstanding at their addresses as they appear on the registration books, to any provider of a Credit Facility or Liquidity Facility and to the Rating Agencies. Such notice shall briefly set forth the nature of the proposed supplemental agreement and shall state that a copy thereof is on file at the principal corporate trust office of the Trustee for inspection by all Bondholders. The Trustee shall not, however, be subject to any liability to any Bondholder by reason of its failure to mail the notice required by this Section, and any such failure shall not affect the validity of such supplemental agreement when consented to or approved as provided in this Section.

Whenever, at any time within a year after the date of the mailing of such notice, the Corporation shall deliver to the Trustee an instrument or instruments purporting to be executed by the Holders of at least a majority in aggregate principal amount of the Bonds then Outstanding, which instrument or instruments shall refer to the proposed supplemental agreement described in such notice and shall specifically consent to and approve the execution thereof, thereupon, but not otherwise, the Trustee may execute such supplemental agreement without liability or responsibility to any Holder of any Bond, whether or not such Holder shall have consented thereto. It shall not be necessary for the consent of the Holders to approve the particular form of any proposed supplemental agreement, but it shall be sufficient if such consent shall approve the substance thereof.

If the Holders of not less than a majority in aggregate principal amount of the Bonds of each Series affected and Outstanding at the time of the execution of such supplemental agreement or any record date established in connection therewith pursuant to Section 901(b) hereof shall have consented to and approved the execution thereof as herein provided, no Holder shall have any right to object to the execution of such supplemental agreement, or to object to any of the terms and provisions therein contained, or the operation thereof, or in any manner to question the propriety of the execution thereof, or to enjoin or restrain the Trustee or the Corporation from executing the same or from taking any action pursuant to the provisions thereof.

The consent of the Holders of any additional Series of Bonds to be issued hereunder shall be deemed given if the underwriters or initial purchasers for resale consent in writing to such supplemental agreement and the nature of the amendment effected by such supplemental agreement is disclosed in the official statement or other offering document pursuant to which such additional Series of Bonds is offered and sold to the public.

Upon the execution of any supplemental agreement pursuant to the provisions of this Section, this Agreement shall be and be deemed to be modified and amended in accordance therewith, and the respective rights, duties and obligations under this Agreement of the Corporation, the Trustee, and all Holders of Outstanding Bonds shall thereafter be determined, exercised and enforced hereunder, subject in all respects to such modifications and amendments.

SECTION 1003. Trustee Joining in Supplemental Agreements. The Trustee is authorized to join with the Corporation in the execution of any such supplemental agreement and to make the further agreements and stipulations which may be contained therein, but the Trustee may, but shall not be obligated (except to the extent required in the case of a supplemental agreement entered into pursuant to Section 1001(g) hereof) to, enter into any such supplemental agreement which affects its rights, duties, or immunities under this Agreement. Any supplemental agreement executed in accordance with the provisions of this Article shall thereafter form a part of this Agreement; and all the terms and conditions contained in any such supplemental agreement as to any provision authorized to be contained therein shall be and be deemed to be part of the terms and conditions of this Agreement for any and all purposes. In case of the execution and delivery of any supplemental agreement, express reference may be made thereto in the text of any Bonds issued thereafter, if deemed necessary or desirable by the Trustee.

SECTION 1004. Responsibilities of Trustee under this Article. The Trustee shall not be under any responsibility or liability to the Corporation or to any Bondholder or to anyone whomsoever for its refusal in good faith to enter into any such supplemental agreement if such agreement is deemed by the Trustee to be contrary to the provisions of this Article. The Trustee shall be entitled to receive, and shall be fully protected in relying upon, the opinion of any counsel, including counsel for the Corporation, as conclusive evidence that any such supplemental agreement complies with the provisions of this Agreement, and that it is proper for the Trustee, under the provisions of this Article, to join in the execution of such supplemental agreement.

SECTION 1005. Bond Resolution May Be Supplemented or Modified. Resolutions of the Board authorizing the issuance of any Series of Bonds may be supplemented or modified by subsequent resolution of the Board; provided that the provisions of this Article shall apply, except as otherwise provided in Section 602 hereof, to each supplementing or modifying resolution with the same force and effect as if the same were supplemental or amendatory of this Agreement.

ARTICLE XI.

AMENDMENTS TO THE NOTES

SECTION 1101. Amendments Not Requiring Consent. The Trustee (as assignee of the Notes) may, without the consent or approval of, or notice to, any of the Bondholders, enter into, from time to time and at any time, such amendments to the Notes in form satisfactory to the Trustee, as shall not be inconsistent with the terms and provisions thereof to:

(a) cure any ambiguity or formal defect or omission in the Notes, provided such action shall not materially adversely affect the interests of the Bondholders, or

(b) grant to or confer upon the Corporation or Trustee for the benefit of the Bondholders any additional rights, remedies, powers, authority or security that may lawfully be granted to or conferred upon the Corporation or Bondholders or the Trustee, or

(c) provide for the substitution of any Notes for other notes of Authorized Debtors, provided that such substitution does not restrict, limit or reduce the obligation of the Authorized Debtors to make payments sufficient to pay the principal of and interest on the Bonds, or otherwise impair the security of the Bondholders of any Series of Bonds under this Agreement, or

(d) change the Allocable Share and/or the Applicable Percentage (as defined in the Notes) with respect to any Notes, provided that such change does not restrict, limit or reduce the obligation of the Authorized Debtors to make payments sufficient to pay the principal of and interest on the Bonds, or

(e) permit the refunding of all or any portion of the Bonds issued hereunder, provided that such refunding does not restrict, limit or reduce the obligation of the Authorized Debtors to make payments sufficient to pay the principal of and interest on the Bonds, or otherwise impair the security of the Bondholders of any Series of Bonds under this Agreement

(f) make any other change which, in the judgment of the Trustee, based upon an opinion of counsel, will not restrict, limit or reduce the obligation of the Authorized Debtors to make payments under the Notes sufficient to pay the principal of or interest on the Bonds, or otherwise impair the security of the Bondholders under this Agreement.

SECTION 1102. Amendments Requiring Consent of Holders of a Majority in Principal Amount of Bonds. Except for amendments provided for in Section 1101, the Trustee shall not enter into any amendment to the Notes unless notice of the proposed amendment shall have been given and the holders of not less than a majority in aggregate principal amount of the Bonds then Outstanding shall have consented to and approved the execution thereof, all as provided for in Section 1002 hereof in the case of supplements and amendments to this Agreement; and provided further that without the consent of all of the holders of the Bonds Outstanding affected by such change, no such amendment shall be entered into by the Trustee which would restrict, limit or reduce the obligations of the Authorized Debtors with respect to the Bonds.

ARTICLE XII.

DEFEASANCE

SECTION 1201. Defeasance. If all the Outstanding Bonds shall have been paid or deemed to have been paid as provided below, and the Trustee shall have received written notice from each provider of a Credit Facility or Liquidity Facility or any Hedge Counterparty that all amounts then due and owing to such providers of a Credit Facility, Liquidity Facility or Rate Swap have been paid, then and in that case the right, title and interest of the Trustee hereunder (except under Section 804 of this Agreement) shall cease, terminate and become void, and such Bonds shall cease to be entitled to any benefit or security under this Agreement except for Sections 205, 206 and 211 of this Agreement. In such event, the Trustee shall transfer and assign to the Corporation all property then held by the Trustee, shall execute such documents as may be reasonably required by the Corporation to evidence such transfer and assignment and shall turn over to the Corporation any surplus in any account in the Sinking Fund.

Any Outstanding Bond shall be deemed to have been paid within the meaning and with the effect expressed in this Section 1201 when the whole amount of the principal of and interest on such Bond shall have been paid or when (a) there shall have been deposited with the Trustee or another fiduciary institution acting as escrow agent for the Holder of such Bond either moneys in an amount that shall be sufficient, or Government Obligations, which shall not contain provisions permitting the redemption thereof at the option of the issuer, the principal of and interest on which when due, and without any reinvestment thereof, will provide moneys which, together with the moneys, if any, deposited with or held by the Trustee available therefor, shall be sufficient, to pay when due the principal of and premium, if any, and interest due and to become due on such Bond on or prior to the redemption date or maturity date thereof, as the case may be, and (b) in the event such Bond does not mature and is not to be redeemed within the next succeeding sixty (60) days, the Corporation shall have given the Trustee irrevocable instructions to give, as soon as practicable, a notice to the Holder of such Bond by first-class mail, postage prepaid, stating that the deposit of moneys or Government Obligations has been made with the Trustee or another fiduciary institution acting as escrow agent for the Holder of such Bond, and that such Bond is deemed to have been paid in accordance with this Section and stating such maturity or redemption date upon which moneys are to be available for the payment of the principal of and premium, if any, and interest on such Bond. Neither the moneys nor Government Obligations deposited with the Trustee or other fiduciary institution acting as escrow agent nor principal or interest payments on any such obligations shall be withdrawn or used for any purpose other than, and shall be held in trust for, the payment of the principal of and premium, if any, and interest on such Bonds. The Trustee shall be entitled to request and rely upon a verification report of an independent third party as to the sufficiency of the moneys or Government Obligations to pay such Bonds.

As to Variable Rate Bonds, the amount required for the interest thereon shall be calculated at the maximum rate permitted by the resolution of the Board authorizing the issuance of the Variable Rate Bonds; provided, however, that if on any date the total amount of moneys and Government Obligations on deposit for the payment of interest on such Variable Rate Bonds is in excess of the total amount which would have been required to be deposited on such date in respect of such Variable Rate Bonds in order to fully discharge and satisfy such Bonds pursuant

to the provisions of this Section, the Corporation may use the amount of such excess, free and clear of any trust, lien, security interest, pledge or assignment securing said Variable Rate Bonds or otherwise existing under this Agreement.

Notwithstanding any of the provisions of this Agreement to the contrary, Put Bonds may only be fully discharged and satisfied either by paying the principal of and interest on said Bonds as they become due and payable or by depositing moneys which shall be sufficient at the time of such deposit to pay when due the maximum amount of principal of and redemption premium, if any, and interest on such Put Bonds which could become payable to the Holders of such Bonds upon the exercise of any options provided to the Holders of such Bonds and the Corporation; provided, however, that if, at the time a deposit is made pursuant to this paragraph, the options originally exercisable are no longer exercisable, such Bonds shall not be considered Put Bonds for these purposes.

If any portion of the moneys deposited for the payment of the principal of and redemption premium, if any, and interest on any Bond is not required for such purpose, the Corporation may use the amount of such excess, free and clear of any trust, lien, security interest, pledge or assignment securing such Bond. Within thirty (30) days after the defeasance of Bonds, the Trustee shall notify the Rating Agencies of such defeasance, provided that failure to mail such notice shall not affect the defeasance of such Bonds.

ARTICLE XIII.

GDB LETTERS OF CREDIT; DRAWS

SECTION 1301. Draws on GDB Letters of Credit. If (i) the Trustee has not received by the close of business on the third Business Day preceding August 1 of any Fiscal Year during the term of the Bonds written notice signed by the President that an operating budget for the Commonwealth for such Fiscal Year has been duly adopted by the Legislature of Puerto Rico and approved by the Governor of Puerto Rico and is then in effect and (ii) the Trustee has not otherwise received funds representing the full amount of the principal and interest due with respect to the Bonds for the Bond Year commencing within such Fiscal Year, the Trustee shall draw, before 5:00 p.m. on the second Business Day preceding August 1, under the GDB Letters of Credit in accordance with the respective terms thereof an amount which, together with all the amounts on deposit in the Sinking Fund on that date, is sufficient to pay the principal of or interest on the Bonds due during such Bond Year and shall deposit the proceeds in the Sinking Fund, in the order established in Section 401 hereof.

SECTION 1302. Enforcement by Trustee; No Reduction of Obligations. (a) In the event that Government Development Bank shall fail to make lawful payment under a GDB Letter of Credit of a drawing made and presented in strict compliance with the terms thereof, the Trustee is hereby authorized and required to enforce all of its rights under such GDB Letter of Credit by such actions at law or in equity as it deems necessary in order to protect the interest of the Holders of the Bonds.

(b) No failure by Government Development Bank to comply with the terms of a GDB Letter of Credit shall relieve or reduce any obligations of the Corporation under this Trust Agreement.

SECTION 1303. Compliance with Procedures. The Trustee shall comply with the procedures set forth in the GDB Letters of Credit.

SECTION 1304. Supplements and Amendments to the GDB Letter of Credit Not Requiring Consent. Anything in this Trust Agreement to the contrary notwithstanding, the Trustee, the Corporation and Government Development Bank may, without the consent or approval of, or notice to, any of the Bondholders, agree to and execute, from time to time and at any time, such amendments and supplements to any GDB Letter of Credit as shall not be inconsistent with the terms and provisions thereof, which amendments or supplements in the opinion of the Trustee, based upon an opinion of counsel, shall not be detrimental to the interests of the Holders of the Bonds (which supplements and amendments shall thereafter form a part thereof), to

(a) cure any ambiguity or formal defect or omission in a GDB Letter of Credit or in any supplement thereto,

(b) grant to or confer upon the Trustee for the benefit of the Holders of the Bonds any additional rights, remedies, powers, authority or security that may lawfully be granted to or conferred upon the Holders of the Bonds or the Trustee, or

(c) reduce the stated amount of a GDB Letter of Credit to the extent that the Maximum Difference relating to the Bonds that have the benefit of such GDB Letter of Credit is reduced, as certified by the President or any Executive Vice President of the Corporation, or increase the stated amount of such GDB Letter of Credit, or

(d) make any other change which, in the judgment of the Trustee, based upon an opinion of counsel, will not restrict, limit or reduce the obligation of Government Development Bank to make the payments under the GDB Letters of Credit to pay the principal of or interest on the Bonds or otherwise impair the security of the Holders of the Bonds under this Trust Agreement.

SECTION 1305. Supplements and Amendments to the GDB Letters of Credit Requiring Consent of Holders of a Majority of Bonds. Anything in this Trust Agreement to the contrary notwithstanding, except for supplements or amendments provided for in Section 1304, the Trustee shall not agree to any supplement or amendment to any of the GDB Letters of Credit unless notice of the proposed execution of such supplement or amendment shall have been given to the Holders of the Bonds that have the benefit of the GDB Letter of Credit to be amended or supplemented and the Holders of not less than a majority in aggregate principal amount of such Bonds at the time Outstanding shall have consented to and approved the execution thereof, all as provided for in Section 1002 in the case of supplements and amendments to this Trust Agreement and with the same effect as provided in Section 1002; provided that the Trustee shall be entitled to exercise its discretion in consenting or not consenting to any such supplement or amendment in the same manner as provided for in Section

1004. Nothing herein contained shall permit or be construed as permitting any amendment or modification of any provision of the GDB Letters of Credit which would reduce the amount of any payment required to be made thereunder to the Trustee, or would postpone the time of any such payment, or would alter the conditions under which any such payment is made, or any other amendment or modification which would adversely affect the security of the Holders of the Bonds that have the benefit of such GDB Letter of Credit, as the case may be.

SECTION 1306. Successor Letters of Credit. At any time prior to the expiration of a GDB Letter of Credit or any Successor Letter of Credit (as defined below) then outstanding, the Corporation may at its option provide for the delivery to the Trustee of a successor letter of credit in the same stated amount as the GDB Letter of Credit or the Successor Letter of Credit which is being replaced, issued by a bank, banking association or trust company whose long-term debt obligations are rated at the time of issuance of such successor letter of credit in any of the three highest rating categories (without regard to any gradations within any such category) by Moody's and S&P (the "Successor Letter of Credit"). Any Successor Letter of Credit must be for a term at least as long as the remaining term of the GDB Letter of Credit or the Successor Letter of Credit which is being replaced, and shall contain administrative provisions substantially similar to those of the GDB Letter of Credit and reasonably acceptable to the Trustee.

The Trustee shall not accept delivery of any Successor Letter of Credit unless it shall have received on or prior to the delivery thereof the following documents:

(a) an executed copy of the Reimbursement Agreement authorizing such Successor Letter of Credit;

(b) an opinion or opinions of counsel to the effect that (i) either (A) the acceptance by the Trustee of the Successor Letter of Credit will not require that the Bonds or the Successor Letter of Credit be registered under the Securities Act of 1933, as amended, or the qualification of any indenture under the Trust Indenture Act of 1939, as amended, or (B) any registration statement required to be filed under the Securities Act of 1933, as amended, with respect to the Bonds or the Successor Letter of Credit is effective under such Act, and any such indenture has been duly qualified under the Trust Indenture Act of 1939, as amended, and (ii) the Successor Letter of Credit is a legal, valid and binding obligation of the issuer of the Successor Letter of Credit enforceable in accordance with its terms except to the extent that the enforceability of the Successor Letter of Credit may be limited by bankruptcy, insolvency or other laws affecting creditors' rights generally and subject to general principles of equity (regardless of whether said enforceability is considered in a proceeding in equity or at law);

(c) an opinion of a recognized firm of municipal bond attorneys that the delivery of such Successor Letter of Credit is authorized by and complies with this Agreement;

(d) a written notice from each rating agency then rating the Bonds confirming that the rating on such Bonds will not be lowered or withdrawn as a result of the delivery of the Successor Letter of Credit; and

(e) such other documents and opinions as the Trustee may reasonably request.

If at any time prior to the expiration of a GDB Letter of Credit or any Successor Letter of Credit there shall have been delivered to the Trustee a Successor Letter of Credit and the documents mentioned above, then the Trustee shall accept such Successor Letter of Credit and surrender the applicable GDB Letter of Credit or any previously held Successor Letter of Credit to its issuer for cancellation in accordance with its terms. The Trustee shall cause a notice stating that a Successor Letter of Credit has been delivered in accordance with this Agreement and setting forth the name of the issuer of the Successor Letter of Credit to be mailed, postage prepaid, to all Holders of Bonds then Outstanding entitled to the benefit of such Successor Letter of Credit at their addresses as they appear on the registration books. If at any time all the Bonds entitled to the benefit of a particular GDB Letter of Credit or Successor Letter of Credit shall be deemed to have been paid within the meaning and with the effect expressed in this Agreement, the Trustee shall surrender the applicable GDB Letter of Credit or any Successor Letter of Credit to Government Development Bank or the issuer of such Successor Letter of Credit for cancellation in accordance with its terms. The Trustee shall comply with the procedures set forth in the applicable GDB Letter of Credit or Successor Letter of Credit relating to the termination thereof.

ARTICLE XIV.

APPENDIX II

PROPOSED FORM OF BOND OPINION

August __, 2011

To: Puerto Rico Public Finance Corporation
San Juan, Puerto Rico

We have served as bond counsel to our client the Puerto Rico Public Finance Corporation (the "Corporation") and not as counsel to any other person in connection with the issuance by the Corporation of its \$242,430,000 aggregate principal amount of 2011 Series A Bonds (Commonwealth Appropriation Bonds) (the "2011 Series A Bonds"), dated the date of this letter. The Corporation is an independent governmental instrumentality of the Commonwealth of Puerto Rico (the "Commonwealth" or "Puerto Rico") created by Government Development Bank for Puerto Rico ("Government Development Bank") as a wholly-owned subsidiary pursuant to Resolution No. 5044, adopted by the Board of Directors of Government Development Bank on December 12, 1984, as amended ("Resolution No. 5044"). Government Development Bank is a corporation and governmental instrumentality of the Commonwealth created pursuant to Act No. 17 of the Legislature of Puerto Rico approved September 23, 1948, as amended ("Act No. 17"), which, among other things, acts as the financial advisor and fiscal agent for the Commonwealth, its instrumentalities, commissions, authorities, municipalities and political subdivisions, and makes loans and advances funds to the Commonwealth and such entities.

The 2011 Series A Bonds are issued pursuant to a Trust Agreement dated as of June 1, 2004 (the "Trust Agreement"), by and between the Corporation and U.S. Bank Trust National Association, as trustee, and a resolution of the Board of Directors of the Corporation, adopted on July 13, 2011, authorizing the issuance and sale of the 2011 Series A Bonds (the "Bond Resolution"). Capitalized terms not otherwise defined in this letter are used as defined in the Trust Agreement.

In our capacity as bond counsel, we have examined the transcript of proceedings relating to the issuance of the 2011 Series A Bonds, a copy of the signed and authenticated 2011 Series A Bond, Act No. 17, Resolution No. 5044, the Bond Resolution, the Trust Agreement and such other documents, matters and law as we deem necessary to render the opinions set forth in this letter.

Based on that examination and subject to the limitations stated below, we are of the opinion that under existing law:

1. Act No. 17 has been validly enacted and is in full force and effect, and Resolution No. 5044 has been validly and legally adopted and is in full force and effect, and the Corporation is a duly constituted and existing subsidiary corporation of

Government Development Bank and an independent governmental instrumentality of the Commonwealth.

2. The Bond Resolution has been validly and legally adopted.
3. The 2011 Series A Bonds and the Trust Agreement are valid and binding obligations of the Corporation, enforceable in accordance with their respective terms.
4. The 2011 Series A Bonds have been duly authorized and issued and constitute special limited obligations of the Corporation, and the principal of and interest on (collectively, “debt service”) the 2011 Series A Bonds, together with debt service on any other obligations issued and outstanding on a parity with the 2011 Series A Bonds as provided in the Trust Agreement, are payable from and secured solely by the Pledged Revenues. The 2011 Series A Bonds shall not be deemed to constitute a debt or obligation of the Commonwealth or any of its instrumentalities, municipalities or other political subdivisions, other than the Corporation, and neither the Commonwealth nor any such instrumentalities, municipalities or other political subdivisions, other than the Corporation, are liable for the payment of debt service on the 2011 Series A Bonds.
5. Interest on the 2011 Series A Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the “Code”), and is not an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, portions of the interest on the 2011 Series A Bonds earned by certain corporations may be subject to a corporate alternative minimum tax. The 2011 Series A Bonds and the interest thereon are exempt from state, Commonwealth of Puerto Rico and local income taxation.

The opinions stated above are based on an analysis of existing laws, regulations, rulings and court decisions and cover certain matters not directly addressed by such authorities. In rendering all such opinions, we assume, without independent verification, and rely upon (i) the accuracy of the factual matters represented, warranted or certified in the proceedings and documents we have examined and (ii) the due and legal authorization, execution and delivery of those documents by, and the valid, binding and enforceable nature of those documents upon, any parties other than the Corporation.

In rendering those opinions with respect to treatment of the interest on the 2011 Series A Bonds under the federal tax laws, we further assume and rely upon compliance with the covenants in the proceedings and documents we have examined, including those of the Corporation and the Authorized Debtors. Failure to comply with certain of those covenants subsequent to issuance of the 2011 Series A Bonds may cause interest on the 2011 Series A Bonds to be included in gross income for federal income tax purposes retroactively to their date of issuance.

The rights of the owners of the 2011 Series A Bonds and the enforceability of the 2011 Series A Bonds and the Trust Agreement are subject to bankruptcy, insolvency, arrangement, fraudulent conveyance or transfer, reorganization, moratorium and other laws relating to or affecting creditors' rights, to the application of equitable principles, to the exercise of judicial discretion, and to limitations on legal remedies against public entities.

The opinions rendered in this letter are stated only as of this date, and no other opinion shall be implied or inferred as a result of anything contained in or omitted from this letter. Our engagement as bond counsel with respect to the 2011 Series A Bonds has concluded on this date.

Respectfully submitted,
